Red ribbons tie parents, students together

Annual ribbon selling campaign funds post-prom Odyssey cruise

By KENNETH PATCHEN
Staff Reporter

ALL Parent Network's red ribbon fund-raising campaign is like winter wheat.

Contributions residents plant today will yield a post-prom event for the community's high school students next year.

"Everything we do is geared to putting on the post-prom activity," said Lil Gofron, present leader of the parent networking group of Antioch Community High School.

A.L.L. Parent Network stands for Antioch-Lake Villa-Lindenhurst Parent Network.

The weekend of Friday through Sunday, Oct. 23, 24 and 25 is when the group will work to raise funds to help them sponsor a special evening on the Odyssey cruise ship in Chicago.

This year, their expectations may be higher, according to Gofron. "We've rented the whole boat this year,"

Post-prom has come a long way from the early days when Ellen Ipsen, Darlene McRae, Joann O'Connell, and Lynn Lubeck founded the organization. This year, a second generation of leaders has started work. Red Ribbon Day is their big event for the year.

"We have two separate areas that we're doing, the Antioch and the Lake Villa-Lindenhurst area," said Debbie Myslinski. She is co-

leader of the effort to raise money in Lake Villa and Lindenhurst. Working with her is Vicki Westergaard in Antioch.

In Antioch, collections will be taken at stores and intersections on Friday and Saturday, according to Westergaard.

Friday, people may donate from noon to 6 p.m. Volunteers will be at the Baskin-Robbins/Dunkin' Donuts, First National Bank Employee Owned, Jewel Food Store, the Post Office, Lions Video, Piggy Wiggly Food Store, and State Bank of The Lakes. Collections will also be taken at the intersections of Main and Lake streets, Main and Orchard streets, Main and North streets, Routes 173 and 83, and Routes 173 and 59.

On Saturday, the collections will be at the same locations from 8 a.m. until 6 p.m.

On Sunday, collections will start at 6 a.m. at the Baskin-Robbins/Dunkin' Donuts, Jewel Food Store, and the Piggy Wiggly Food Store. There will be no intersection collections on Sunday.

"They put the money in the can and we give them a red ribbon," said Westergaard.

Westergaard said that among her volunteers will be students from the National Honor Society at the high school.

"People have just been wonderful about giving an hour or two of their time," she said.

Haunting downtown puts kids, families in spirit

By KENNETH PATCHEN
Staff Reporter

Downtown sidewalks, streets, and alleys become the haunted attic of Antioch's very own celebration of Halloween starting this weekend.

"It's a great wholesome activity," said Community Development Director Claude LeMere. "Come dressed in costume. It makes it more fun."

"Get into the spirit," punster LeMere said.

For those who do not want the traditional type of secular Halloween event, however, there is also a different style of celebration at the Antioch Evangelical Free Church. They sponsor a gymnasium-sized maze that people can work their way through, either in darkness or in light.

First out of the cauldron, however, is this weekend's scarecrow contest. It leads to later pumpkin carving events and downtown haunts.

"Some merchants pass out candy so bring your trick or treat bags," said LeMere. "Lakeland (Newspapers) is responsible for

Flu shots offered at senior center

Flu shots will be available at the Antioch Senior Center in October in addition to other special and regular activities.

People may receive flu shots on Wednesday, Oct. 21 from 1 p.m. to 3 p.m.

Blood pressure tests will be taken Monday, Oct. 26 from 9 a.m. to 11 a.m.

There will be a Halloween Party

on Wednesday, Oct. 28 from 11:30 a.m. to 3 p.m. A three-piece band will provide music for the party.

Paul Howard, coordinator of the senior center, said that a regular program of activities is scheduled during the month. Every Monday there is bingo at 12:45 p.m., and every Wednesday there is line dancing from 9 a.m. to 10:15 a.m.

RIBBONS: A.L.L. Parent Network teams up to fund post-prom event

The red ribbon is attached to a paper that states, in part: "Tie this ribbon to your left door handle, outside rear view mirror, or antenna of your car as a sign that you join Mothers Against Drunk Driving in their campaign. Please leave the ribbon on through New Years Day."

"All proceeds from donations for red ribbons will be used to sponsor a post prom lock-in activity for Antioch Community High School prom goers."

Myslinski said, "Post-prom is a safe supervised lock-in situation with teachers, guidance counselors, and parents as supervisors."

"It gives kids a safe alternative for parties that take place in hotels or homes with alcohol and no supervision."

"It keeps our kids and streets a little safer," said Myslinski.

"It's a healthier and better environment for the kids," said Westergaard.

Last year, more than half the people who attended prom attended the post-prom cruise in Chicago on Lake Michigan on the Odyssey. In fact, there were people who wanted to attend but were turned away because of a lack of space on the two available decks of the ship. Another school had rented the third deck.

This year, the entire boat became available for rental and the A.L.L. Parent Network signed-on for all of it, for \$30,000.

There will be a new and improved post-prom event as a result. The top deck will feature Karaoke. There will be entertainment on another deck and dancing on the remaining one.

This year, there will be room for more than 525 students. In 1998, there were 640 people who attended the Antioch Community High School prom. Few may be turned away, if any, this year.

Students, again, will ride to the cruise ship in coach buses.

The A.L.L. Parent Network has taken on the risk that they can make the trip work and that prom-goers in Antioch will remain safe. Also, if there is a smaller school in the area that would like to share some of the available space, Gofron is ready to consider proposals.

A great deal hinges on the fund raising.

At \$20, the massively discounted student tickets are... a great deal.

The tickets are a great deal for the students, but a great deal of work by parents to raise money to

cut ticket costs to a level that encourages students to participate.

Fund-raising is a year-long part of the organization's agenda. They raise funds a variety of ways, some newly innovative for the group. For example, a Beanie Baby raffle was conducted this fall at the Arts and Crafts Faire.

A.L.L. Parent Network is selling bricks that have the names of the donor on them for placement in the high school walls that are being built as part of the remodeling.

"We run concessions," said Gofron.

There are 50-50 raffles at girls basketball games. Karen Powell makes photograph-buttons for lapels.

"Red Ribbon has always been the main money campaign," said Gofron.

In addition to sponsoring post-prom, A.L.L. Parent Network creates a directory of parents and students for those who participate in creating the directory. It is a parent resource so they can call other parents to discuss concerns with one another.

"It provides parents with student's names and phone numbers," said Westergaard. It gets past the problem of unlisted telephone numbers.

Gofron said that the directory helps parents confirm what children say or will be doing. Parents can check on parties to assure themselves that it is alcohol free and supervised by adults.

"My experience with this has been extremely positive," she said. "People are willing to support it."

"I think I've got 700 entries this year, a few hundred more than last year," she said.

"You get to know each other that way."

"When parents talk, it's really pretty terrific," said Gofron.

"(The directory) is done. We just have to verify it." It should go into the mail in a few weeks.

A.L.L. Parent Network can always use the help of other parents during the school year.

"We don't really have officers," said Gofron. "I pull together the meetings and agendas."

"We meet the second Thursday of the month at the high school." People have opportunity to make a contribution.

It can be pointed out that people also can make financial contributions at any time to help them meet their goals. Donations can be mailed to ALL Parent Network, P.O. Box 713, Antioch, 60002.

UHAUA sewer fact sheet sent to residents

By KENNETH PATCHEN
Staff Reporter

United Homeowners of Unincorporated Antioch has mailed 4,500 copies of their "Sewer Feasibility Study fact sheet" to residents of unincorporated Antioch Township.

The next meeting of UHAUA is scheduled for Tuesday, Oct. 20 at 7:30 p.m. at St. Stephen's Church on Route 59 just south of Route 173. The public is invited to attend the meeting.

"We are asking every property owner to read all the information carefully and respond by returning

your completed sheet to the address listed at the bottom as soon as possible," said Christine Peters, secretary of the homeowners group. "Your response is very important to the future of the Antioch Township environment."

The fact sheet was mailed to every individual owning property in unincorporated Antioch Township, according to Peters.

Residents who do not receive their copy can call Peters at 847-395-5773 to obtain one.

UHAUA's survey-fact sheet discusses the need for sewers in unin-

corporated areas of the township. It is based on a county-financed study by Devery Engineering, Inc. in 1996 to identify sewer feasibility for 30 subdivisions in the township who petitioned for county sewer service.

In January, both county and township officials had criticized a draft of the fact sheet at that time. It was criticized for the manner in which it discussed financial feasibility of sewer construction.

Township officials said at that time that they knew of no source for federal grant money to help construct sewers.

Churchill honoree of Antioch Twp. GOP

Antioch Republican Club will host a dinner Wednesday, Oct. 28 at 7:30 p.m. at Maravella's in Fox Lake. The dinner speaker will be from Washington D.C.

Robert Churchill has been invited to attend. "He's been a life-long supporter," said club President Leonard Mattson.

Tickets at the door are \$25, although people may also obtain them from Mattson, 847-395-1989, or Treasurer JoAnn Osmond, 847-395-1147.

Antioch Brass Quintet will do a guest appearance at the Lakes Area Community Band Concert at Antioch Community High School on Sunday, Oct. 25 at 3 p.m. Steve Porch will direct the Lakes Band in a program of light, popular music featuring some solo performances. Tickets for the free concert are available at State Bank of The Lakes, the Chamber of Commerce and Industry offices at the Antioch Community Building, and at the door the night of the concert.

Construction of the boardwalk through the William E. Brook Wetland Sanctuary and Entertainment Center was underway, Monday, Oct. 12.

"Tom Hoban is building the boardwalk," said Community Development Director Claude LeMere. "He is donating a large portion of the labor for this." Jack Ester also is working on

the walking path part of the project.

On the same day, Rabine Paving had a few dozen trucks and workers preparing the ground surface for their paving work behind the stores on the east side of Main Street.

The physical changes are beginning to appear substantial.

The 1998 Antioch Community High School Homecoming Court had ten members. They are: Tom Baird, Katie Gofron, Jon Jordan, Rose Kenny, Dan Pendergast, Brook Lorang, Adam Podstawa, Kacy Sehmer, Brian Soldano, and Jessica Sladek. Brook Lorang and Jon Jordan were selected Queen and King.

Antioch Artist Eric Ott was at last weekend's Hollywood Memorabilia and Celebrities Show at the Ramada Plaza Hotel O'Hare showing some of his original artistic sculptures. Ott makes artistic creations with Hollywood and celebrity materials. One of his mantel clock creations was up for auction at the Rotary Porkchop Barbecue and Auction. It sold in about 90 sec-

onds.

Three directors will be nominated soon for the Antioch Chamber of Commerce and Industry. It is a very active group that requires several hours a month of dedicated time by people who are community-minded. Call President Barbara Porch with suggested nominees, 847-395-9020.

Mayor Marilyn Shineflug presented Certificates of Appreciation on Monday, Oct. 5 to employees for their years of service to the village. Daryl Youngs and Dave Hanson each received a five year service award. Steve Vos received a ten year award, and William Smith received a twenty-year award.

Land Conservancy of Lake County is out with a new brochure for developers, village planning and development officials, and interested residents to inform them about land conservancy programs they offer. The Lake Villa office can be reached at 847-356-6001. The volunteer group has 80 acres in Lake County from Wadsworth to Hawthorn Woods to Deer Park. Their premier area is the 38-acre Pohickory conservancy area.

If you have interesting information or anecdotes to submit for "Our Town" call staff reporter Ken Patchen at 223-8161, ext. 131 or e-mail, edit@lnd.com."

Community blood drive, Saturday

By KENNETH PATCHEN
Staff Report

"We need a bold headline that says: Blood Drive Saturday," said organizer Ray Edwards.

Such an announcement might push the blood drive to the 100-pint goal they have established.

"We've gotten over 60 pledges already," he said. "We just need a few more. There's a lot of openings in the afternoon."

Edwards is the general organizer for the multi-organization, community-wide blood drive.

People with appointments and walk-in donations are welcome and needed. "We have separate crews to take people who walk in, so there's no waiting," he said. "We can keep people moving."

Five volunteer groups are sponsoring the community-wide blood drive in Antioch on Saturday, Oct. 17 from 9 a.m. to 3 p.m. Blood will be donated at the Antioch Moose Lodge at 26020 West Highway 173 in Antioch. The Lodge is on the north side of the road and has a large parking lot.

"Four people from the Masonic lodge will put signs up early Saturday morning at main intersections," Edwards said. Antioch residents who drive around downtown will see them and know the way.

There will be a big sign in front of the Moose Lodge as well as on the marquee sign in front.

"We're getting the word out."

Blood will be collected by LifeSource Blood Services.

"We've had a tremendous response from LifeSource Blood Ser-

vices for contacting people in the Antioch area who have previously given blood and wish to do so again," Edwards said.

Appointments may be scheduled with Edwards at 847-395-2042. There is a telephone that will take recorded messages to arrange an appointment at 847-395-4772. On the day of the drive, there will be a Moose Lodge Hot Line number that can provide information and directions at 847-395-9780.

The blood drive is sponsored by the Antioch Woman's Club and Masonic Lodge #827.

Other sponsors include the Antioch Junior Woman's Club, Antioch Moose Lodge #525, and the Antioch Lions Club.

Edwards is hoping for a good response. "It's a good feeling to know you gave," he said.

DOWNTOWN: Hauntings begin

providing the candy for kids at the Happy Haunted Graveyard and the Happy Ghost."

Free pumpkins are distributed by The Advertiser Network at Village Hall. For those of a carving bent, both the village and First National Bank Employee Owned sponsor separate contests.

Halloween Howl is a community-wide event that Billie Horton, of the community development staff, has been planning since last August.

"We always try to change things a little bit," LeMere said. The haunted ride will take a different route this year.

"The fire department will be out there. They're going to bring one of the fire trucks. They will greet the kids. They will park in the alley-way by the Olde Tyme Deli," LeMere said.

Perhaps the most immediate Halloween Howl event that people can get to is the Antioch Chamber of Commerce and Industry web page, Experience Antioch. Once again, the Chamber has a children's coloring contest that can be entered from their web site (www.Lakeonline.com/antioch). The site also has scary sounds to download and other adventures for those with computers.

The web site also offers a schedule of howl events. The site is updated regularly, if necessary.

Antioch's Second Annual Scarecrow Contest, however, is the virtual opening event for the village's October holiday season. The contest is tomorrow, Saturday, Oct. 17, from 9 a.m. to 1 p.m.

The Village of Antioch will provide clothing and stuffing material for people to build scarecrows. It will be done in the downtown park area, 898 Main Street, between Canton Tea Garden and JJ Blinksers.

The \$2 donation for scarecrow material will be given to the Antioch Mental Health Association which operates the Thrift Shop at 921 Main Street. Participants will need to bring a scarecrow head, string, and accessories to personalize the scarecrow, if so desired.

Scarecrows may be taken home for yard displays or entered in a contest with first, second, and third place prizes. Scarecrow contest entries will be displayed in downtown merchant windows. They will be judged during the week of Monday, Oct. 19 to Friday, Oct. 23.

The winners of the contest will be announced at the Saturday, Oct. 24 Halloween Howl Bonfire at 6:30 p.m.

On Monday, Oct. 19, the Village of Antioch will give away at Village Hall one pumpkin to each child who wants one. The pumpkins will be donated by The Advertiser Network. The pumpkin could be used as a contest entry later in the week.

Actually, there are two carved or decorated pumpkin contests in town.

First National Bank Employee

Owned is hosting a children's pumpkin decorating contest from Thursday, Oct. 22 to Tuesday, Oct. 27 during bank hours. The contest is open to children in grades kindergarten through fifth grade.

Real pumpkins, decorated or carved, can be dropped-off in the lobby of the community bank at 485 Lake Street. Judging will take place Thursday, Oct. 28. Entry forms are available at the bank.

The second contest for pumpkin judging will be Friday, Oct. 23 in front of Jack's Four Squires, 414 Lake Street, from 4 to 6:30 p.m. It is part of the village's Halloween Howl event. Prizes will be awarded in the following age categories: birth to age six; seven to twelve; and, 13 years and older.

Halloween Howl '98 itself is a two day event in the downtown area. The village will accommodate two age-groups of children with separate events. Younger children prefer a less scary Halloween experience, whereas older children appreciate scary, gross, and disgusting events.

For children aged ten and under, there are events from 4:30 p.m. to 9 p.m. on Friday, Oct. 23, and from noon to 6 p.m. on Saturday, Oct. 24. These events include: happy ghosts, happy haunted graveyard, and smiling spirits.

For youngsters aged ten and older, there are events from 6 p.m. to 9:30 p.m. on Friday, Oct. 23, and from 1 p.m. to 6 p.m. on Saturday, Oct. 24. These events include: Mummy's Tomb, Dracula's Cave, and Tunnel of Terror.

Maps are available from the village to show where these events are located.

Other Halloween-related happenings also will be underway in the downtown area during Halloween Howl. There are haunted trail rides on Friday night sponsored by Triangle Bait Shop. The rides will start on Main Street between Betty Sills Gallery and Books, Etc.

True Value Hardware/Just Ask Rental and the Antioch Coalition of Auto Retailers, A.C.A.R., will jointly sponsor hay rides which start at the True Value Hardware store in the shopping center on Orchard Street.

There will be Face Painting at Crafter's Gallery, 384 Lake Street.

Children also may experience a Spacewalk at Smiling Spirits.

Saturday will feature many of the same events as Friday evening, except in daylight. However, the bonfire is Saturday night as well as costume contest judging.

Antioch's downtown Halloween Howl '98 event is sponsored by the Village of Antioch and the Antioch Chamber of Commerce and Industry. Other sponsors include: Triangle Bait Shop, AUGS Parent Teacher Organization, Antioch True Value/Just Ask Rental, A.C.A.R.—Antioch Coalition of Auto Retailers, The Advertiser Network, Biller Press, and Lakeland Newspapers.

PUBLIC NOTICE

The VILLAGE OF ANTIOCH will be flushing hydrants between October 19, 1998 and November 6, 1998. Flushing will occur between the hours of Midnight and 5:00 A.M. Monday thru Friday. Signs will be posted in each area before flushing begins. It is advised that no laundry be done between these hours when flushing occurs.

Also, it is advised that water be visually tested for rust before doing laundry. **FOR MORE INFORMATION, CALL (847) 395-1881.**

The Lake County Sheriff's office identified the decomposed body found two weeks ago in Libertyville Township and also arrested a suspect for the murder of the newly identified man.

The victim was identified as Gary D. Horton, 39, of Chicago. Horton had died due to a gunshot wound to the head.

Investigators had no luck when they tried to match the remains to missing persons. Due to media exposure of the discovery, however, the Sheriff's Department received numerous phone calls. One of the calls resulted in the identification of the man.

After the victim was identified to be Horton, investigators unraveled the events leading up to the man's death and also pinpointed a suspect, Frank Moore, 36, of Chicago.

Horton and Moore were childhood friends. When Moore was released from a Federal Penitentiary in March the two rekindled their friendship.

On Aug. 15 the two men, along with a female friend, visited friends in the Round Lake area. Moore and Horton had allegedly been arguing throughout the evening.

Moore then drove to the area where the body was discovered and allegedly shot Horton. The bullet entered through the back of the Horton's skull and exited out the right temple, said Lake County Coroner Barbara Richardson.

The body was found 7 to 10 feet from a residential driveway off of River Road, and was discovered by one of the residents with access to the driveway, Richardson said. The body was approximately 472 feet from River Road and was lying on top of a piece of wire fence which was lying on the ground.

River Road is a North/South road between Libertyville and Waukegan connecting Route 120 and Route 137.

Moore was charged with First Degree Murder and is being held without bond in the Lake County Jail.

ANTIOCH

Warrant arrest

Antioch Police Officers arrested Roseta Johnson, 36, of Antioch, on Monday, Oct. 5 at 12:30 p.m. at the police station. She was wanted on an active warrant by the Lake County Sheriff's Office. She posted bond pending a court date of Monday, Oct. 19 at 9 a.m. in Waukegan.

LINDENHURST

Charged with DUI

Lindenhurst Police Officers stopped Eduardo A. Gonzales, 32, of Lake Villa, on Tuesday, Oct. 6 at 12:24 a.m. at Grand Avenue and Granada in a blue 1990 Pontiac Sunbird. He was charged with failure to reduce speed, not having proof of insurance, not having a valid driver's license, open transportation of alcohol, and driving under the influence of alcohol. He declined the opportunity to take a Breathalyzer test. Gonzales posted bond pending a court date of Tuesday, Nov. 10 at 9 a.m. in Waukegan.

Weapons charge

Lindenhurst Police Officers stopped Solomon E. Stidham, 17, of Waukegan, on Tuesday, Oct. 6 at 5:40 p.m. traveling east bound on Grand Avenue west of Grand Circle in a silver 1994 Ford Mustang. He was charged with speeding and unlawful use of a weapon, a black Marksman Repeater .177 Caliber pellet gun. He was released on bond pending a Wednesday, Nov. 4 court date at 10:30 a.m. in Grayslake.

Charged with DUI

Lindenhurst Police Officers stopped James F. Bostick, 36, of Antioch, on Saturday, Oct. 10 at 4 p.m. in the 200 block of Dittmer Lane in a red and silver Dodge pickup truck. He was charged with driving on the wrong side of the road, driving under the influence, and open transportation of alcohol. He declined the opportunity to take a Breathalyzer test. Bostick was released on bond pending a court date of Tuesday, Nov. 10 at 9 a.m. in Waukegan.

leased on bond pending a court date of Tuesday, Oct. 27 in Waukegan.

Charged on warrant

Lindenhurst Police Officers stopped Michael A. Starcevic, 29, of Chicago, on Tuesday, Oct. 13 at 12:36 a.m. traveling in a 1986 Volvo Wagon. He was stopped for not having a rear bumper, driving an improperly registered vehicle, and on an outstanding warrant by the Lake County Sheriff's Office. Starcevic was released on bond pending a Tuesday, Oct. 27 court date at 9 a.m. in Waukegan.

LAKE VILLA

Charged with disorderly conduct

An Antioch man was arrested by Lake Villa Police officers last week on a charge of disorderly conduct.

Andreas E. Campos, 44, was arrested by police following the incident on Oct. 9 at 6:30 p.m. Officers were dispatched to The Lake Villa Restaurant, 147 Cedar Ave., after a 911 hangup from the outside pay phone.

Upon arrival, officers found Campos standing at a pay phone outside the restaurant. Officers stated they smelled alcohol on the man.

Campos told police he made the call after being pushed by an unknown man. He later told police there was no man and simply wanted a ride home.

Police then placed Campos under arrest and transported him to the Lake Villa Police station.

Driving while license suspended

A man was charged with driving while suspended after being stopped on a routine traffic stop by Lake Villa Police last week.

Cary L. Jenkins, 32, of Lake Villa, was pulled over by police at about 5:15 p.m. on Oct. 6. A police officer noticed the van Jenkins was driving with no tail lights on in the rain.

Police stopped the van and asked the driver for his license. Jenkins told police his drivers license was suspended. A check confirmed that Jenkins license was suspended and he was taken into custody.

Boy Scouts serve up spaghetti fundrasier, Sunday

Boy Scout troop 92 will serve its 38th Annual Spaghetti Dinner on Sunday, Oct. 18 from noon to 7 p.m. at the Loyal Order of Moose Lodge #525.

The dinner is a fund-raiser for the

44-year old troop and will feature drawings for prizes throughout the day. The \$4.75 all-you-can-eat dinner includes spaghetti, Cole slaw, bread, dessert, and drink. Children 5-years-old and younger eat for free.

Tickets are available at the door. They may be purchased in advance from Linda Veach, 847-838-0855.

"This event is our single fund-raiser for the year to offset camping fees and equipment costs for the

boys," said David Edwards, scoutmaster for the troop.

There is more than spaghetti served. The troop has collected a number of raffle items that are given away throughout the afternoon and

evening.

"There will be about 15 raffles that are over a \$50 value," said Charles Wirth. "We've got 200 other raffles that will be given out throughout the day."

"We have two categories of raffles," Wirth said. There is the main raffle at \$1 per ticket, and there is a 25-cent ticket for the mini-affle.

Wirth said that over 100 area merchants have contributed to the event. The merchandise covers a wide-range of interests. For example, some raffle items are boat rentals, health club memberships, cosmic bowling certificates, pizza-for-a-year, and health maintenance bags from Con-dell Medical Center.

Wirth said that many restaurants have donated gift certificates. He also said that Pickard China, Inc. had donated a special bowl for their raffle.

Boys in Troop 92 are 12 to 17 years old. They meet weekly at the Scout House in Williams Park. During the year, the troop camps at a variety of campgrounds and attends a two-week summer camp. In addition, the troop participates in High Adventure every year, a 50 to 75 mile hike over a two-week period.

Community Service plays a major role in troop 92 activities. They recently completed a project for the Chain of Lakes. Scouts built boxes in which wood ducks will lay eggs in the spring. They maintain the boxes throughout the year.

Troop members help with the Northern Illinois Conservation Club's annual fishing tournament at Channel Lake and with the Antioch Lion's Club Picnic and Auction for the Antioch Rescue Squad.

Troop members will serve the spaghetti dinner. More than 900 guests are expected to eat meals through the afternoon.

The troop is sponsored by Loyal Order of the Moose Lodge #525. The lodge and spaghetti dinner are at 26020 West Highway 173 in Antioch.

NEIGHBORS

Name: Denise M. Kalmes

Home: Antioch

Occupation: Display Advertising Account Executive.

Community Involvement: Trying to get to the Jewel on Saturday.

I'm originally from: Deerfield, Illinois.

I graduated from: Deerfield High School, College of Lake County, and Barat College.

My family consists of: My 22 year old son, Nate, and 4 year old son, Tyler.

My pets are: A bowl of fish painted by my son Tyler.

What I like best about Antioch: The proximity to my sisters who live in Antioch.

What I like best about my job: The challenge.

The secret to my success is: My personality and my perseverance.

I relax by: Cooking, and reading to Tyler.

My perfect day in Antioch would be: A gorgeous fall Saturday, without my four year old, browsing in antique and book stores.

Last book I read: *The Celestine Prophecy* by James Redfield.

Favorite TV show is: ER.

Favorite Video: *Out of Africa*.

Favorite movie is: Right now, *City of Angels*.

Favorite Restaurant: Michael's Fine Steak and Seafood in Trevor, Wis.

Favorite music: Blues.

My life's motto is: You reap what you sow.

If I won the lottery, I would: Buy an Island.

I want to be remembered as: A good Mom.

People who knew me in high school would say: "Who?"

My pet peeve is: People with no clue.

Most interesting person I ever met was: When Anthropologist Margaret Meade spoke at Northwestern University in 1982, she put the conflict between the sexes into focus with an analogy about garbage. It originates in the house, a 'woman's domain' and must go out of the house, a 'man's domain.' And, since it must traverse these two domains, only compromise will get it resolved.

Talking Health

by Dr. Scott Reiser, D.C.

MEDICATION IS NOT THE ONLY ANSWER

Our culture has become a drug-oriented culture. The rampant abuse of illegal drugs and alcohol is widely publicized, but far less attention is paid to the unparalleled use of prescription drugs and over-the-counter medications. We have been persuaded that any health problem can be cured with the right pill-headaches require aspirin and an overzealous appetite calls for amphetamine-like drugs.

Not all drugs are bad. Antibiotics, vaccines, and anticoagulants have revolutionized health care. However, the cultural presumption that drugs are the only or best answer for physical, emotional, and mental programs is a mistaken one. We must begin to take responsibility for our bodies and to recognize the potential of

prevention and alternatives to drug treatment. Chiropractors understand that prevention plays a major role in maintaining health and that the body has a tremendous capacity to heal itself without medication.

If maintaining your health and reducing stress is important to you, call Round Lake Beach Chiropractic at 847-740-2800 to make an initial, no obligation consultation with Dr. Scott G. Reiser. Our clinic is located at 314 Rollins Road, Round Lake Beach (Eagle Creek Plaza - corner of Cedar Lake and Rollins Roads.)

Low cost spay program for pets available

Lake County Animal Protection Association now has a low-cost spay and neuter program for dogs and cats.

The service is available to residents of Lake County.

Availability of this service was announced in a letter to Antioch Mayor Marilyn Shineflug by association President Beverly Salo.

"It is hoped that your animal control officers will be made aware

of this program and that they will encourage owners of unaltered pets to take advantage of it," she said in a Thursday, Oct. 1 letter.

Each year, 4,000 cats and dogs are killed in Lake County because no one wants to adopt them.

The Lake County Animal Protection Association seeks to prevent unwanted litters of animals to reduce pet over-population problems.

This won't look good on a resume'

Well folks, in case you haven't got a Hallmark calendar within your pocket book or billfold, you might not be aware that Friday is Boss' Day. Eeegaads you say, here it is Friday, the last day of the work week, not to mention pay-day and lo and behold you forgot to bring in a little tidbit for the big guy who could make or break you with a flick of his wrist. What can you possibly get for this person who sits in that leather upholstered chair in the corner office with a view? As if it's not hard enough having to be nice to this idiot on the day Christmas bonus' are handed out, now you find yourself having to be civil once again.

Oh sure, there are some folks out there lucky enough to have a decent, even humane kind of boss, but for the most part, well Hitler-type imagines appear in one's head when dealing with these fleshy beings. And granted even though there are times when there is no love lost between you and the guy who signs the paycheck, unfortunately folks here's where a reality check comes in to play. No matter how much of a jerk the person may be, the fact still remains that without his or John Hancock on that little rectangular piece of paper with a bunch of numbers on it, you have nothing but a "useless" little rectangular piece of paper with

JINGLE FROM PRINGLE
Lynn Pringle

a bunch of numbers on it. So, at least make the attempt to act like this authority figure has some place in your life other than a signature every week. All it takes is a quick stop at the local bagel franchise or coffee house of your choice to pick up a dozen or so blueberry something or other, along with a side order of cappuccino or whatever it is coffee house's serve. Shoot, even showing up with a box of Dolly Madison powdered-covered donuts and Chugs from the local Piggly Wiggly tucked under your sweating armpit would look better than showing up empty handed. So, while you spend your day scurrying around boosting the stock portfolio of your employer, while he spends the day chowing down on your contribution to his or her waist line, just keep in mind that BOSS spelled backwards will always be Double SOB.

And so goes another "Jingle from Pringle."

Readers with information for "Jingle from Pringle" should call Lynn Pringle at 395-6364.

Sophomore, junior, and senior class students at Antioch Community High School and home school students have until Sunday, Nov. 1 to submit their entries to the Antioch Veterans of Foreign Wars Post #4551 for the 52nd annual Voice of Democracy scholarship contest.

"Young people who participate in the contest benefit by gaining a better understanding of their country, their freedoms, and their obligation to America," said Antioch Post Commander William Orly.

The Antioch Post is making an effort to let more people know about the program, the \$20,000 national college scholarship, and the local, state, and national awards that a student who enters is eligible to win.

"The Honorable Mayor of Antioch proclaimed the week of Sept. 14 'Voice of Democracy Week' for the town of Antioch," said Junior Vice Commander Jim Hauslein. He is co-chair of the post contest along with Elaine O'Donnell of the Ladies Auxiliary, which is co-sponsoring the contest.

Past winners of the contest include famous broadcaster Charles Kuralt. Other well known winners include Mariette Hartley, Senator John Ashcroft, and Anita Bryant.

Interested students write, then record, a three to five minute audio essay to express their view of the patriotic theme "My Service to America."

"Students will be sponsored by Antioch VFW Post 4551 for a chance to go on to our district level, then state level, and, finally, national level," Hauslein said. "If they win state level, they will have a one week all-expense paid trip to Washington, D.C. with a chance to meet the President of the United States and win a

\$20,000 scholarship to the college of their choice."

There also will be local recognition programs of winners.

"We have the dinner in November at the post and hand out some awards at that time," Hauslein said. "We have a trophy for the first place winner."

"Winners from our post will receive a first place \$300 savings bond, second place will receive a \$200 savings bond, and third place will receive a \$100 bond," Hauslein said.

There will be medals given out at Antioch Community High School and the district level competition also will be giving out awards.

The state winner will receive at least a \$1,000 scholarship. A total of \$128,500 in national scholarships are awarded to student national finalists.

Orly said that students receive many additional benefits through their participation in the contest. These include increased self-confidence and poise, experience in polishing communication skills, and opportunities for self-expression.

The student tape, essay, and entry form should be in the possession of Antioch Post 4551 by Sunday, Nov. 1.

Seven million high school students have participated in the Voice of Democracy scholarship contest. The program is considered to be a premier program of the Veterans of Foreign Wars organization and its Ladies Auxiliary. Voice of Democracy is listed by the National Association of Secondary School Principals for 1998-'99.

Further information is available at the Veterans of Foreign Wars web site (www.vfw.org). Co-chairman Jim Hauslein may be reached by telephone, 847-395-5393. The post is located at 75 North Avenue in Antioch.

Flower Hut raffles pin for breast cancer funds

By KENNETH PATCHEN
Staff Reporter

A scarce compassion pin made by Swarovski Jewelry will be raffled to raise money to benefit breast cancer research by Eva's Hallmark and Flower Hut, 2064 East Grand Avenue, in Lindenhurst.

The raffle is undertaken during National Breast Cancer Awareness Month. In addition, Sunday, Oct. 18 is National Mammography Day.

The raffle is the third in a series of raffles by the flower and gift shop in Linden Plaza to benefit community agencies.

"We're donating this compassion pin, a \$150 value, for the raffle," Reiling said. "It's beautiful."

The pin is the 1998 Annual Edition of a series titled "Celebrate the Spirit."

The company that made the pin, Swarovski, will be donating five percent of the money from the sale of the pin to the American Cancer Society. The local raffle, however, is undertaken by Reiling as a local fund-raising event.

"All the proceeds will be given to the Lake County unit of the Breast

Cancer Society," Reiling said.

Raffle tickets cost \$5 apiece. Lucille Schott, Chair of the Health Committee of the General Federation of Women reported on local and national resources for breast cancer information in the September newsletter of the Tenth District of the General Federation of Women's Clubs in Illinois.

Schott reported that National Breast Cancer Awareness Month was started in 1985 by Zeneca Pharmaceuticals Group. The program was a week-long cancer education program intended to make women aware of benefits from early cancer detection and intervention.

Breast Cancer Awareness month, now, is supported by 27 organizations.

The raffle sponsored by Eva's Hallmark and Flower Hut is the third raffle sponsored by the store in the past year. On previous occasions the store raffled Beanie Baby stuffed animals and raised money for the disabled, \$2,500, and for the Lake Villa Township Food Pantry, \$2,600.

Reiling hopes that the support for the compassion pin raffle will be strong.

"Anyone who wants to help, we appreciate it," she said.

Mother, daughter connection

Trombinos keep County computing

By LESLIE PIOTROWSKI
Staff Reporter

Debra Trombino-Moore knows how to sell computers. As managing general partner at Gurnee-based Inacomp Computer Systems, she has played a significant role in building the company's sales volume from \$1.5 million in 1985, to \$24 million in 1997.

But she wasn't always headed in this direction. She originally intended to build her career in the media profession.

After receiving a B.A. in telecommunications at Indiana University, she worked at a television station in Indianapolis for one year. Then she moved back to the Chicago area and began selling computers as an independent agent. Selling computers and office equipment has been a tradition of Trombino-Moore's family for several generations.

Her grandfather, Robert Trombino, Sr., started Lake County Office Equipment in Waukegan in 1945. He was immediately joined in the business by his sons, Jim and Robert, Jr.

After IBM's introduction of the micro-computer in the early 1980s, the Trombinos established Inacomp Computer Systems, an affiliate of Omaha-based Inacom, in 1985 to meet the growing demand for desktop computing.

Its philosophy was simple: to

carry major name brands at fair prices while providing exceptional service to businesses and industries in northern Illinois and southeastern Wisconsin.

The company outgrew its original 8,000-square-foot facility on Grand Avenue, and moved to its present location, a 12,000-square-foot facility in the Tri-State Business Park, in 1993.

Trombino-Moore joined the family business in 1986. She worked her way up from outside sales to corporate sales to sales manager and finally partner. When her father, Jim Trombino, retired in 1993, she and her mother, Donna Trombino, took over ownership of the company. Jim Trombino continues to act as a consultant.

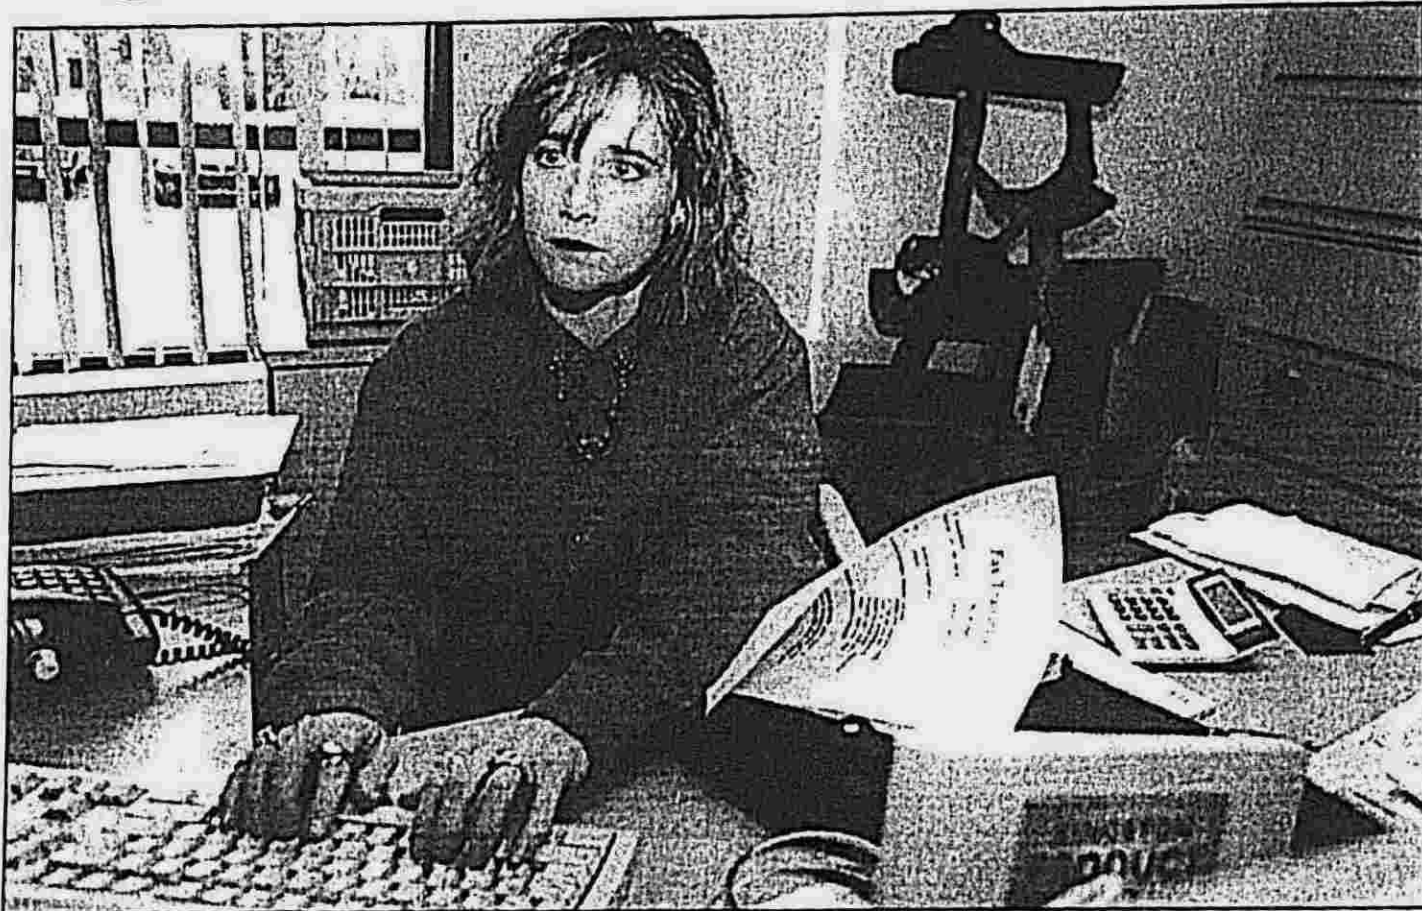

Trombino-Moore has found few challenges as a woman in the computer industry.

"There are more women in corporate sales in this industry than there are men," she said. "A lot of women get paid as well as men."

She said one of the keys to Inacomp's success is its ability to provide total business solutions to its clients. This means that the company does more than just sell products, it maintains and supports computer networks as well as provides onsite training.

Another key is its ability to meet the needs of clients whether they are local, national or international in scope.

"We are a local company with

local services," Trombino-Moore said. "But as an affiliate of a global company, we can meet the national and global needs of corporate America."

Today, Inacomp is Lake County's largest business-to-business computer company. Its clients range from large corporations such as Abbott, Baxter and Condell Medical Center, to small accounting firms.

The company maintains fully staffed sales, hardware service, software support and training departments. Over the years, it has increased its staff from six to 36.

But staying on top in an industry that is constantly advancing is no easy task. To keep up with the changes, Trombino-Moore said, "Our service and sales people go through training on an ongoing monthly basis."

After 13 years at Inacomp, Trombino-Moore says there's never been a dull moment.

"I've never been bored," she said. "I've gotten to play with new technologies and I've seen how technology changes people's lives in the way they do business."

A native of Waukegan, Trombino-Moore lives in Antioch with her husband, Dan Moore and two children, Carson and Brendon.

15 minutes of fame for a lifetime of pain

Jonathan Brandmeier doesn't call anymore. Sports Illustrated forgot his name.

The newspapers and radio shows in Wisconsin and Illinois, who broke the ringer on his face by constant calls, have forgotten the man who, overnight, was the most enthusiastic sports fan in America.

But, John Cochara doesn't

"I'd do it the same way," Cochara says. "I'd do it all again." Three years ago, in November 1995, for one hour and fifteen minutes, Cochara, who was dubbed "Dotson" by his college friends for Cochara's striking resemblance to Catherine Webb's boyfriend-turned-innocent-victim, was duct-taped to a stop sign supporting the Green Bay Packers over the Chicago Bears.

"I was out there for an hour when a Spring Grove Police officer drove by, rolled down his window and said 'I would help you if you were a Bear fan,'" Cochara said. "I thought to myself, 'I could be here for a while.'"

A picture was taken at the scene. "Gary Dotson," taped to a stop sign, drinking beer that someone else was holding for him, shivering, supporting the Packers.

"When the Packers went up 35-28 to end the game, I went to the jukebox and pumped five dollars into the machine," Cochara said. "I played 'We are the Champions' 15 times in a row. On the 15th song, they dragged me out and taped me."

Luckily, no one was arrested at the time.

"But, next year, I went from the stop sign to the Super Bowl," Cochara explained. "The Packers won it all and I ran to the jukebox and played 'We are the Champions' again."

This time, however, Cochara had back up. Packer fans at KC's Cabin in Spring Grove outnumbered the Bears fans two to one.

"That's good advice," Cochara said, swiveling his "Dotson-esque" mustache to the side and thinking in retrospect. "If you're a Packer fan in Bear Country, always bring friends with you to watch the game."

Cochara is still a cheese-head, always will be.

"My phone was ringing off the hook. Everyone wanted to talk to me," Cochara said. "But, now, I just watch the games in peace."

In fact, I would say that I put a stop to the map for Green Bay fans," Cochara explains. "It's about now. I don't watch it alone, that's for sure."

As the cold months close and the Packers-Bears rivalry heats up, Cochara waits in anticipation for the game while his friends, all of whom are still close to him, wait duct-tape near-by.

"I deserved it," Cochara concluded. "But I would do it again."

However, if you listen closely to Cochara's voice, you can still hear the chattering of his teeth as he sits stuck to the green pole with a taped octagon on top, two rolls of duct-tape wound around his arms, muttering to himself.

"Weee (chitter) are the (chatter) Ch-ch-cha-champions...."

Sequoits keep hopes alive

By LEE FILAS
Staff Reporter

After 16 yellow flags littered the Lake Forest football field on Saturday afternoon, Antioch, behind a pounding ground game and a tough defense, walked away with a 14-6 win over the Scouts.

The Sequoits win put them at 5-2 overall, 3-2 in the North Suburban Conference, and still in the hunt for a playoff spot, behind powerhouses Libertyville and Stevenson.

Both Sequoit touchdowns came in the first quarter of play as senior quarterback Don Lackey (5-9 for 46 yards) found end Jason Schuler over the line to put Antioch up, after the extra point, 7-0.

After a strong defensive stand, Antioch got the ball back, and marched down field again. Running back Adam Niles squirted around end for six yards, putting Antioch up 14-0 after tapping on the extra point.

That's when the field became a sea of yellow and brown as penalties and fumbles littered the grass.

"We were moving the ball real well against them," said Del Pechauer, Antioch football coach. "We had some fumbles in the first half, and some penalties that stopped drives against them. Their defense played real well."

Antioch fumbled the ball four times throughout the rest of the afternoon, losing two fumbles that stopped big drives.

However, on the other side of the line, the Antioch defense caused six Lake Forest fumbles, recovering four, to help pace the win.

"It really became a defensive game in the second and third quarter," Pechauer said. "They had nothing to lose in the fourth and started throwing the ball. We knew they had a good running game, but they have a great passing attack as well."

Antioch senior defensive lineman Steve Smart leaps high into the air to try and deflect the pass of Lake Forest's quarterback. The Sequoits host undefeated Libertyville Saturday at 1:00 p.m.—Photo by Steve Young

The Scouts found the Sequoit end zone in the fourth quarter, making the score 14-6, but never made it back again.

"We had a lot of aggressive penalties in the game," Pechauer said. "That kind of hurt us as well."

Antioch had 11 penalties whistled against them on the afternoon, losing a total of 100 yards while Lake Forest pitched in five penalties for 50 yards.

"We had a couple of pass inter-

ferences and a couple of roughing penalties," Pechauer said. "They were aggressive penalties, but not the kind you want to give another football team."

Next week, Antioch will welcome 7-0 conference powerhouse Libertyville Tigers to Antioch in a game that will feature two of Lakeland's Player of the Year hopefuls, quarterback J.C. Harrington and running back Matt Treutelaar.

"They do everything well,"

Pechauer said. "They run the ball well, throw the ball well, kick the ball well, play great defense. It's definitely going to be a tough game for us."

"If we can get our offense moving and keep our defense off the field, that will be a great help to us," Pechauer said. "And if we can give them a few doubts early on, we'll be in it. Against Warren, then walked down and scored the first five possessions of the game. That's what kills a high school team."

Antioch golf team excels

Sarah Groh headed down state

As the golf carts are wheeled into the clubhouse for the season, the Antioch Golf team is reveling in what may be called their most successful season to date.

The Antioch boys golf team finished their year in tenth place at the regional tournament, with a total final scorecard showing 361.

The year showed continuous strong play year by senior John Logan, who was tied for third in Lake County and finished 12th in conference.

However, regional's turned out to be a bit of hardship for Logan. He was disqualified by the judges for signing his scorecard without an accurate score on it.

"It wouldn't have mattered," said

Roger Alm, boys golf coach. "We would have changed from a score of 94 to 91, which wouldn't have changed the final standings that much. At that point, we weren't going to the finals anyway."

However, Alm looks toward the future, as next year, a strong squad of junior varsity players, led by Shawn Schuler, are expected to make the move up.

On the women's tee, the Antioch girls made it to sectionals or the first time in the school's history, finishing 8th in the tournament on Tuesday night.

All Antioch scores were led by Sarah Groh's 86, which earned her the right to head down state for the Illinois Girls Golf state finals.

Lake Forest wins NSC girls tennis tourney

The North Suburban Conference Tennis Championships ended with powerhouse Lake Forest Academy edging out a strong Stevenson squad by two points on Oct. 9 and 10 at Libertyville High School.

Coming in third place, behind the second place showing by Kelly Mikkila was Warren Township High School with 15 points.

Aside from Mikkila's second, Warren also took third place in the second and third doubles brackets, as Cheryl Defreese and Jessica Angelos and Loy Baluyot and Jenni Suda took home the bronze.

Fourth place went to the Libertyville Tigers, as second bracket singles player, Kate Zils, walked away with a second place finish, losing to Lauren Bruch in the finals 6-0, 6-0.

Helping out at home for the Wildcats were the double teams of Laura Bassill and Dana Peterson

with third place, Karen Ciszewski and Trisha Haszel's third place and Angela Zanello and Emily Potempa's fourth to add points to the Libertyville score.

Antioch Community High School took the fifth spot with seven points, beating out sixth place Mundelein by one point.

Pacing Antioch was Silvia Skripkukaite with a fourth place finish at No. 2 singles, while Erin Broody and Jenny Rogers posted a fifth while Heather Zeman and Mary O'Neill pitched in a fifth to help in points.

Mundelein saw Julia Corning take fourth in singles, Kim Kuligowski and Katie Van Zeeland took sixth, Jennifer Boureille and Kim Martyka took fifth while Mallory Stevens and Kati Sabatino took sixth.

Rounding out the field was Zion-Benton, finishing seventh in the event.

Grayslake

Rams relish win

By LEE FILAS
Staff Reporter

For the second week, a new hero emerged for the Grayslake Rams.

Junior Eric Peterson stepped up on special teams this week to pace the homecoming victory for Grayslake, as the Rams defeated Lake Zurich 32-7 to raise their record to 2-5 in the Fox Valley Conference.

"Peterson stepped up in a big way, running back the opening kickoff then blocking the punt," said Dan Dillon, head coach for Grayslake. "That's the way it's supposed to be. You can't always look to (Alex) Frank and (Wes) Anderson every week. Other people have to step up and help out."

Peterson ran back the opening kickoff of the game for a touchdown, then blocked a Lake Zurich punt that led to a score two plays later in the second quarter.

Also in the second quarter, Omaun Cross picked off a Lake Zurich pass and returned it 19 yards for a touchdown. The Rams had three interceptions on the day, as Mike Beverley and Alex Frank added to the total.

The offense found the end zone in the second quarter as Frank, last week's hero with five touchdowns,

ran in from four yards out to put the Rams up 20-7 at the half.

"He helped on offense as well, adding two touchdowns and 76 yards," said Dillon. "When you've got a player like that, you can ride him all the way."

Frank finished the day with 76 yards on 18 carries and two touchdowns, while Joe Kupfer ran the ball 13 times for 113 yards and one score.

The Rams defense shut down Lake Zurich's running game for the entire afternoon, allowing only nine yards on 31 carries. Anderson, the leader of the Rams defense, stepped up with another stellar performance, adding 10 solo tackles and five assists on the afternoon.

"Right now were in a good position for next week," Dillon said. "I've got a team with a lot of confidence and I feel we can play with anybody."

Next week, Grayslake will travel to Fox Valley Conference powerhouse McHenry.

"I'm glad were in the position were in right now for this week ahead," Dillon said. "On Friday, we'll put these kids on the field, then it's the kids against the kids. We'll see what happens then, but I feel that we can play with anyone right now."

Local junior golf to be improved

Representatives from the Navy's Morale, Welfare and Recreation (MWR) Department, Lake County Urban League, North Chicago-Foss Park District and Waukegan Park District have joined forces to improve junior golf opportunities in Lake County.

Representatives originally met on Aug. 18 to discuss the possibility

of an alliance and the development of a new facility specifically designed to promote beginning golf skills. The facility, a par 3/9 hole course, already in planning by the Navy's MWR department would be situated on approximately 15 acres at the site of Willow Glen Golf Course which is located off Buckley Road (Route 137) and Route 41.

U-9 Blaze improves to 7-0

The Lindenhurst Boys U-9 team traveled to Chicago to take on the Chicago Eagles. The game was very physical and despite many questionable calls, the Blaze went on to a 6-3 victory. The first quarter was a seesaw battle until Kurt Houghton went down the left hand side of the field and scored a lift-footed shot into the

net. In the second quarter, the Eagles were awarded a penalty kick on a trip inside the penalty box and they converted the kick to tie the game at 1-1 midway through the quarter. That was their only shot on goal the entire first half. Colin O'Malley scored late in the quarter unassisted to give the Blaze back the lead going into the half.

Late in the third quarter, O'Malley scored his second goal of the game on a solo effort down the right sideline. In the fourth quarter, the Blaze turned their offense up a notch and scored 3 goals. Early in the quarter Tommy Sewart scored on an assist from Alex Kelley to give the Blaze a 4-1 lead. The Eagles were again awarded a penalty kick and this one also found all net to cut the lead to 4-2. Then Houghton scored on a beautiful header with 4 minutes left to give the Blaze a comfortable 3 goal cushion on a pass from O'Malley. The home team Eagles made it 5-3 on only their 5th shot at goal before O'Malley got his 3rd goal of the game minutes later and his 15th season as the Blaze had their seventh victory in as many games. The defense was outstanding with excellent play from Ethan Hahn, Andrew Stein and Matt Laine. Chris Church had 2 good saves in goal as he patrolled the nets the entire 2nd half.

The Blaze will be taking on the Rockford Raptors at Forest View Park which should be a great game as both teams are undefeated.

Dynamo Blue 3-0-1 in Park Forest tourney

The Lindenhurst Dynamo Blue U-10 Traveling Soccer team continued their highly successful season in Park Forest for the Fall Classic Soccer Tournament. The opening game featured excellent defense against the Lyons Township Red Devils. Peter Niles, Matthew Reimer and John Werchek excelled in holding the Red Devils to a single goal in the 3-1 victory. All of the scoring occurred in the second half with Brett Paramski burying two long-range goals off of assists from Sean Hertz and Danny Pender. Sean had a long goal of his own on a direct kick from just outside the penalty area.

Game two against the Homer Hawks again featured solid defense as Dynamo won by an identical 3-1 score. The team started impressively by scoring three times in the first seven minutes. Outstanding ball movement by the offense led to two super goals from Aaron Nichols and one from Brett McKenzie. Brett added 2 assists and Sean Hertz finished with 1. The combination of Marek Smith, Danny Pender, Peter Niles, and John Werchek kept the ball in the offensive

end for most of the game.

Dynamo played game three against the Naperville Lightning immediately after their second game. The 2-1 win was ignited by the inspired play of the starting unit of Matthew Reimer, John Werchek, Stephen Linder and Peter Niles on defense and Scott Newman, Chris Hitenmiller, Andy Schultz, and Danny Pender on offense. They controlled the game with great team play as Scott Newman started the scoring by burying a cross from Danny Pender into the net. Marek Smith closed the scoring near the left post on a cross from Brett Paramski.

Their final game of the tournament, against the Northwest Indiana Revolution, occurred. This game represented their toughest test of the season as the Revolution pushed the ball up the field for several early near miss opportunities. The Dynamo rebounded, however, and made pushes of their own which culminated in their only tally of the game.

Congratulations to the Dynamo Blue team on an excellent tournament.

U-19 Power beat Lightning 2-0

The Lindenhurst Power got back on the winning track with a 2-0 victory over the Naperville Lightning. Jamie Wismer scored the first goal with just seconds left in the first half when she struck home a crossing pass from Amie Carlberg. That same duo appeared to have connected on a second goal, when Wismer headed in a long cross from Carlberg, but it was disallowed on an offside call.

Teri LaRoche officially made it 2-0 when she took a flick pass from Mandy Fasano and buried it into the left corner of the net. The defensive play of Amanda Behm, Kristen Gamlin and Jourdan Phillips, along with the goalkeeping of Jenny Barbera and Kristina Giangiorgi, helped preserve the shutout. The Power will next be in action at the Lighthouse Classic Tournament in Racine, Wis.

Baxter Allegiance Foundation honors YMCA

Hundreds of children and adults in Lake County will benefit from the expansion of family and community programs thanks to a \$100,000 gift presented to the Hastings Lake YMCA by The Baxter Allegiance Foundation and Lester B. Knight, chairman and chief executive officer of Allegiance Corp. and a foundation director.

"The Hastings Lake YMCA has demonstrated a tremendous commitment to the health of our community and The Baxter Allegiance Foundation is proud to support its many valuable programs," Knight said.

The Baxter Allegiance Foundation contribution will provide necessary resources to provide scholarships to low-income families and to develop new wellness and child-development programming for those served by the Hastings Lake YMCA.

"The YMCA helps people from across Chicagoland stay healthy, and does so without regard to an individual's ability to pay. We appreciate the leadership towards these programs shown by the Baxter Allegiance Foundation," said Tino Mantella, president of the YMCA of Metropolitan Chicago. "This gift will have an impact far beyond enhancing programs; it will make a real difference in people's lives, a difference that will pay off in healthier families and healthier neighborhoods."

Established as a year-round camp, the Hastings Lake YMCA has expanded to meet the needs of the growing Lake County community by becoming a traditional YMCA, offering child care, fitness, personal training and aquatics facilities. Hastings Lake camp programs offer campers a variety of traditional activities, along with equestrian and water skiing programs and an alpine climbing tower. Also, disadvantaged

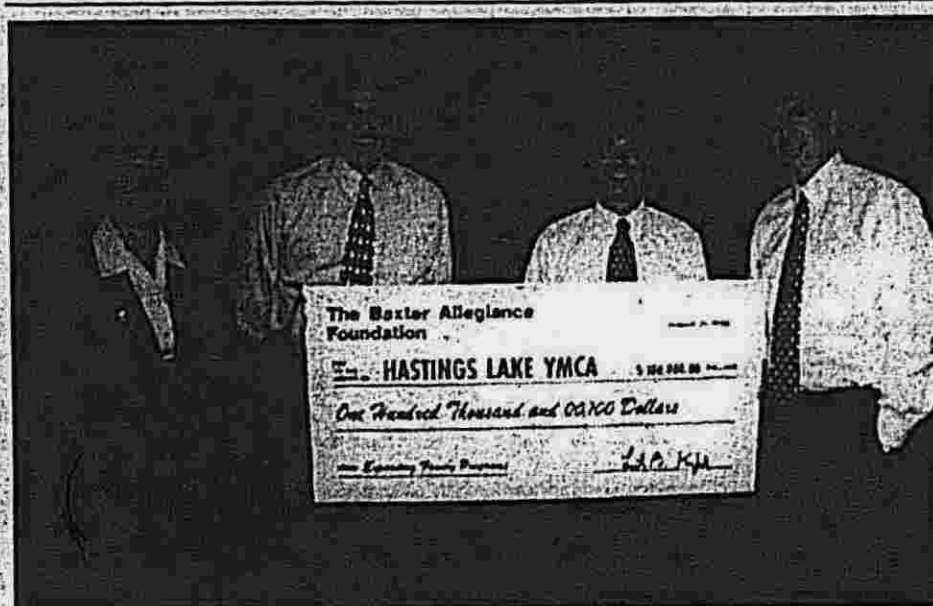

youth are treated to a week at camp each summer and a special muscular dystrophy camp is also offered for adult and children.

"The Hastings Lake YMCA is honored to have the Baxter Allegiance Foundation as a partner in our commitment to expand wellness programming," said Jim Scherer, executive director of the Hastings Lake YMCA. "With the support of organizations like The Baxter Allegiance Foundation we will continue to serve the thousands of young families in the Lake County area."

The Baxter Allegiance Foundation is the philanthropic arm of Baxter International, based in Deerfield and Allegiance Corp., based in McGraw Park. Through its subsidiaries, Allegiance is America's leading provider of health-care products and cost-management services. Baxter is

a global medical-products and services company. Through its grant program, the foundation supports initiatives that benefit the health field. These include policy and advocacy efforts; early stage research; and projects that emphasize access, quality and cost effectiveness. Together, Baxter and Allegiance employ more than 6,000 people in Northern Illinois.

Hastings Lake YMCA is one of 35 centers of the YMCA of Metropolitan Chicago. The YMCA of Metropolitan Chicago anchors neighborhoods—from the heart of the central city to the furthest reaches of the suburbs. As a result, families come closer together, children learn and grow, young people lead, individuals become self-sufficient and all people are healthier in mind, body and spirit.

Roger Alm, left, coach of the Boys Golf Team, congratulates John Logan, center, for his athletic performance which earned a donation from Thelen Sand and Gravel and First Chicago Bank of Antioch to the high school scholarship fund. On the right, is Bob Mueller, bank president.

Logan earns athletic recognition

John Logan of the Antioch Boy's Golf Team was selected for athlete of the week honors by the Thelen Sand and Gravel and First Chicago Bank of Antioch, for the week ending Sept. 27.

Logan placed in the McDermid Invitational Golf Tournament, Saturday, Sept. 26. His score for the meet was 65 for the 15-hole tournament, shortened due to darkness.

He was one stroke behind the leader.

This was a superior feat considering the fact that many top schools in the area were participating in the meet. There were 15 teams competing, with five members on each team.

Katie Gofron was also honored for her contributions to the girls volleyball team.

Nurses to meet on diabetes

Area nurses are invited to a Saturday, Oct. 31 program on diabetes at St. Peter Church that starts at 7:30 a.m.

The Council of Catholic Nurses of Lake County will host a morning Mass at 7:30 a.m. followed by breakfast.

Mary May will present a pro-

gram titled "Update Diabetes: Treating an Old Disease in New Ways."

All nurses are invited to the event which is free for members but will cost \$5 for non-members.

Additional information is available at 847-623-9280.

St. Peter's Catholic Church is located at 557 Lake Street in Antioch.

Solution: Walk to fight hunger

Northern Lake County's CROP WALK to fight hunger will be held Sunday, Oct. 18, 12:30 p.m. (registration time). 950 volunteer walkers and workers from schools, churches, civic groups and social service agencies will begin the 10K (6 mile) trek at Immaculate Conception School, 510 Grand Ave., Waukegan. Registered walkers will start from Antioch, Grayslake, Gurnee, Lindenhurst, Lake Bluff and Lake Villa, to name a few. The northern Lake County CROP WALK is one of 65 fundraising walks held across Illinois by Church World Service—the relief arm of the National Council of Churches.

Twenty-five percent of the CROP WALK funds raised are donated to 12 Lake County anti-hunger organizations including COOL (Christian Outreach of Lutherans) Food Pantry, St. Anastasia Soup Kitchen, and Shiloh Baptist Food Pantry. 75 percent of CROP WALK proceeds go to support hunger relief efforts worldwide. Rev. George Franke is chaplain at Victory Memorial Hospital and chairs the CROP WALK committee saying, "For more than 20 years, or-

ganizations have united to hold the annual northern Lake County CROP WALK. This year's goal is to raise \$85,000 through major donations, sponsored walkers and teams and individual contributions. And, it's not too late for anyone to sign up."

Dr. Robert Simmer is an Abbott Laboratories scientist and CROP WALK'S volunteer recruitment chairperson. He says, "Lake County Shriners will serve as crossing guards and Boy Scout troops will direct traffic. Thanks to Lions Club of Lake County and Rinella Beverage of Mundelein, walkers will enjoy healthy beverages and snacks."

Christian Outreach of Lutherans (COOL) pantry manager, Maryanne Satinsky states that her Waukegan-based agency serves the hunger-stricken from ALL of northern Lake County including areas like Lake Forest and Vernon Hills. 40 percent are white, 38 percent African American, 20 percent Hispanic, two percent Asian and Pacific Islander. Thirty-five percent are traditional families headed by a mom and dad. "This

year, only four families out of 9,000 have become monthly regulars. Most people use our pantry to get them through temporary crises. CROP WALK volunteers and their donations of all sizes help us immensely. It costs about \$24 to feed a family of four for four days."

The Northern Lake County CROP WALK Committee is an alliance of religious congregations and other Lake County organizations committed to serving those in need. For information contact Committee Coordinator Rev. George Franke, evenings: 336-7983. Church World Service (CWS), with regional offices in Oakbrook, is the relief, development and refugee assistance ministry of the National Council of Churches, whose 33 Protestant and Orthodox member congregations have a total of 52 million adherents. To access the CWS hotline phone 1 (800) 297-1516, ext. 111; to subscribe to the CWS e-zine send your email address to jackiec@nccusa.org; or point your Web browser to <http://www.nccusa.org/cws>.

Volunteers sought to listen for crisis lines

Connection Resources, Inc. will host training sessions for people who want to learn how to listen.

Training will be useful to people in general, but especially so for those who provide assistance on Connection's 24-hour Crisis and Referral telephone hotlines.

The fall daytime Power of Listening training class will be held Monday through Thursday, Nov. 2, 3, 4, and 5 from 9 a.m. to noon at Grace United Methodist Church in Lake Bluff.

The only fee is \$15 for materials.

Registration and further information is available at 847-689-4357, extension 104.

The course is led by professional family counselor Curt Wennerdahl. It is designed to prepare volunteers to work on Connection's 24-hour Crisis and Referral Hotline. The training is of value to anyone since its most important component is teaching people to listen effectively.

Volunteers learn how to use their own personal strengths to assist peo-

ple in crisis. They receive basic information about family dynamics, physical abuse, alcoholism, chemical dependency, mental illness, and suicide.

Connection's crisis lines operate around the clock, seven days a week. Trained telephone workers provide callers with referral information about human area service agencies and organizations as well as self-help groups.

The course is offered four times a year. The next sessions begin in January, 1999.

About Dr. Marks:

Dr. Marks is a doctor of podiatric medicine who has been caring for people in McHenry Co. for more than 15 years.

He has cared for more than 10,000 patients, probably someone you know! He has helped train more than two dozen practicing foot surgeons as a surgical instructor since 1984.

Both of Dr. Marks' offices—located in McHenry and Woodstock—welcome new patients. They accept most insurance plans and Medicare.

Q: What causes heel pain?

A: Heel pain is usually caused by a chronic inflammation (long time or recurring irritation) of the ligament that passes from the bottom of the bones that make up the ball of the foot.

The inflammation causes the ligament to get tight. When the ligament gets tight, it peels on the heel bone, causing a bony ridge to develop.

This bony ridge is called a heel spur. Typical heel spur pain is described as pain which occurs after rest, and improves when walking.

Q: What can be done to treat hammertoes effectively?

A: X-rays of the foot are taken in the office to see if there is a spur, fracture or other problems.

Either oral medication or injections are used to reduce the inflammation. A custom-made, shock absorbing shoe insert is made to relieve the pressure on the heel, and to correct the way you walk.

Park department programs offer village variety

By KENNETH PATCHEN
Staff Reporter

Antioch Park and Recreation Department brings rich variety to community life regardless of interests through the programs offered to residents and area participants.

The Village now has distributed its 1998 Fall and Winter Program Guide filled with program descriptions, deadlines, policies, rules, and maps. It includes information about the sports associations in town, the community band, and senior center activities.

Copies are available at Village Hall for residents who do not obtain their copy in the mail.

Non-residents may participate in department programs but the program fees may be higher.

A few programs give a sense of the full-range of offered activity. They include Camp Crayon pre-school; bowling teams; Me, Myself, and Mom; line dancing; karate; scrap book making; basketball; and, tennis.

Camp Crayon provides pre-school activities for children 3 to 5 years old in the Scout House at Williams Park. The six week sessions meet twice a week for three hours from September through May and costs residents \$60 and non-residents \$80. Children play and socialize as they do arts and crafts, music, numbers, and shapes. Each class is for 26 students. Parents can check with the park district staff to determine if there are available openings.

Bowling programs teach children 6 years and older how to bowl at the Antioch Bowling Lanes. Four week sessions meet on Wednesdays, Nov. 8, Jan. 6, and Feb. 10. The bowling program is from 4:30 to 5:30 p.m. and costs local residents \$30, and non-res-

idents \$40.

Me, Myself, and Mom is a program offered to introduce 2 and 3 year olds to organized activities. Children have an opportunity to share and develop social skills. This is a twelve week course for 90 minutes on Fridays. New sessions will begin January 8 from 9 to 10:30 a.m. or 11 a.m. to 12:30 p.m. Village residents are charged \$50, and non-residents are charged \$70.

Line dancing offers exercise and fun as people learn some of the newest steps. Boots and experience are not necessary. The sessions are for people 12 years and older at Grass Lake School from 7 to 8:30 p.m.

The next line dancing session is seven weeks long and starts Wednesday nights on Nov. 4. It will cost \$30 for residents and \$40 for non-residents. The eight week session starts January 6 and will cost \$35 for residents and \$45 for non-residents.

The Parks and Recreation Department offers a variety of opportunities to become involved with karate. Sensei Anna Conners offers Shotokan Karate sessions in the Antioch Senior Center basement area. Beginner level instruction does not require a karate uniform, a karate gi, although comfortable clothing is recommended.

Instruction for people 8 years and older begins Monday, Oct. 26 and costs \$35 for residents and \$40 for non-residents. Another session begins Monday, Feb. 1. The beginner classes teach the fundamentals of basic blocks, stances, punches, kicks and katas.

The Lil' Tigers Karate classes teach fundamentals through games to 5 to 8 year olds. Residents pay \$25 and non-residents pay \$30. Classes are twice a week.

Intermediate Karate I and II is for

students who have completed the beginner class.

There is an adult karate class without children.

The Kata class will cover technique, focus, timing, attitude, and form for katas.

Kumite class covers the different aspects of sparring. A yellow belt is generally required for registration, although instructor approval may also be sufficient.

There is a ladies karate class that covers beginner to advanced levels of instruction. This course also will include basic self-defense. There is a Senior citizen karate class which will focus on self-defense and body conditioning. It is also free for senior citizens.

Cardio karate focuses on basic kickboxing and karate to music. Hand wraps and aerobic wear are recommended.

Private lessons also may be arranged with Anna Conners. She is affiliated with the Northwest Suburban Karate Association, Traditional Karate-do Organization, and is a member of the Amateur Athletic Union. She is a National Amateur Athletic Union certified referee and coach.

Scrap booking has become increasingly popular in recent years. Amy Jo Price, of Antioch, a Creative Memories Consultant, shows how to turn photographs and other materials into distinctive family books. Organization, layouts, cropping, and journaling will be covered. Participants need only bring 8 to 12 pictures and scissors, and Price supplies other materials.

The sessions are at the community building for people 13 years and older. The first session just started Oct. 13 and another one starts Wednesday, Nov. 4. They are from 6:30 to 9:30 p.m. and cost \$12 for residents and \$17 for non-residents.

Scrap book workshops help knowledgeable participants work on their scrapbooks with others. Participants receive one-on-one attention and have fun, group support, and space and time to work.

Tuesday, Oct. 27 is a workshop for Fall/Halloween Layouts and circle cutter matting. On Wednesday, November 18, there is a workshop for pop-out pages and creating lasting holiday memories.

There will be additional workshop dates in January, February, and

March. Parks and Recreation Director Laurie Stahl can provide details of those sessions at 847-395-6342.

Basketball sessions are available through Sports Camps of America. They teach the basics of team play and elementary skills in six week sessions at Antioch Lower Grade school on Wednesdays from 5 to 6 p.m. The next session for boys and girls who are 4 to 5 years old starts Wednesday, Jan. 6 and will cost residents \$40 and non-residents \$50.

There is also a Basketball Instructional League that starts in January. Information on that too is available from Stahl.

Mark Miller's Munchkin Tennis program for ages 4 to 8 takes place on a smaller court, with a lower net, and with appropriate racquets. The next sessions start Saturday, Oct. 31 from 8 to 8:30 a.m. The sessions are at the Community Building and cost residents \$75 and non-residents \$85.

Details for many other programs, days off, and other requirements are listed in the Fall Program Guide distributed by the Village Parks and Recreation Department. The ones listed here are just a sample of what is offered.

Kiwanis Club plans Parenting Fair

The 1998 Lake County Parenting Fair has a full slate of activities for Saturday, Oct. 24, 9 a.m. to 5 p.m. The fair, sponsored by the Kiwanis Club of Gurnee, will be held at the location of The Living Well United Methodist Church at 5400 Grand Ave., in Gurnee, across from Six Flags Great America in the shopping plaza with the Piggly Wiggly Food Store.

The Parenting Fair will carry the focus—Children and Parents: Hand in Hand toward Health, Safety, Education and Development. Twenty-five exhibitor booths will provide resources on these matters of health, safety, education and development.

In addition a schedule of almost 20 seminars will offer instructions, demonstrations, introductions, and program segments on various matters of parenting, family resourcing, community involvement and useful strategies to healthy living.

Dr. Michael Meyerhoff, Ed.D. will be offering a keynote address at 9:30 a.m. on "Parenting in the 90s." Dr. Meyerhoff is co-author of "The Complete Book of Parenting" and is contributing author of "Experts Advise Parents."

The schedule will include the visit of Scotty the Clown as well as fire safety information by the Gurnee

Fire Dept. and additional safety information and services from the Gurnee Police Dept. A magician will be present and door prizes will be announced each half hour for participating families. Child care and a play area are provided throughout the day. Snacks, beverages, and lunch items will also be available. Parking is plentiful.

For additional information, contact the coordinator for the Kiwanis Lake County Parenting Fair, David Newhouse, at 263-6314 or write to "1998 Lake County Parenting Fair," 5400 Grand Ave., Gurnee, IL, 60031.

The Beanie craze has prompted the publication of several specialty magazines including Mary Beth's Beanie World. The Lisle housewife offers buyer's guides to the collectibles and is considered a leading expert in the Beanie craze. Her magazine is not endorsed or supported by Ty Corp., which maintains it produces the plush animals for children's toys.

'Beanie Babies can do a lot of things for a lot of people'

Beanies: Will the craze ever end?

*National expert says secondary market may taper,
but demand will remain high*

By RHONDA HETRICK BURKE
Managing Editor

An adult craze or a child's toy?
However you view Beanie Babies®
the craze is big and it looks as though
it is here to stay.

The stuffed bean bag animals first began
appearing on store shelves in 1993, but didn't
gain a large following until mid-1996. Today, a
delivery of the cuddly creatures often warrants
armored trucks, security guards and is often
welcomed by long-lines that would surpass
any concert ticket sales.

A collection of favorites includes: Squealer the pig,
Spunky the cocker spaniel; Righty, the elephant;
Strut, the rooster; Jolly, the walrus and Ears, the rab-
bit.

"I carried Ty products before they
introduced Beanie Babies, and I started carry-
ing the Beanie Babies as soon as they were
introduced," said Barbara Porch, own-
er of Choosey Child in Antioch. "Believe
it or not, in the beginning I had to sell them
half-price to get them to move out of the store.
People who bought some of the early ones can
now sell them for \$1,000 or more."

Today, demand for the plush animals is so
high that Porch has a Beanie Baby hotline for
callers. "I get up to 75 phone calls a day inquir-
ing about Beanie Babies," she said. "All I was doing before starting the
hotline was answering calls about
Beanies."

In central Lake County, Sherri
and Scott Comstock, proprietors of
the Cheshire Cat in Grayslake have
had a similar experience.

"In the beginning they just didn't
move," said Sherri. "But, once
they caught on, people went
crazy. We get constant phone
calls, 50 a day would be a slow
day."

The craze has sparked a large
secondary market, which is not
supported by the Ty Corpora-
tion.

It includes specialty publica-
tions, Internet sites to buy, sell
and trade Beanie Babies, Beanie
Baby shows and large profits
for collectors.

Ty's website, www.ty.com,

includes a pricing philosophy on Beanie Babies
which clearly outlines the company's dislike for
the secondary market.

"Ty's philosophy has always been to cre-
ate products of unique design, products
of the highest quality and to price these
products so they can be easily afford-
able to children. This philosophy has
never changed," according to the web-
site. The website also explains Ty's posi-
tion that Beanie Babies are designed for
children to collect and priced to sell for about
\$5. Ty also says it expects its retailers to place
all Ty products out on the shelf so that con-
sumers have the opportunity to purchase
every style that we produce and each style that
they want.

Ty also wants customers to know they do
not sell to distributors and will not sell to ac-
counts which knowingly sell to secondary mar-
ket dealers, divert product or sell on consign-
ment.

"Ty requested all its dealers to not sell re-
tired beanie babies or take beanie babies in on consign-
ment," said Porch.

Mary Beth Sobolewski, editor of Mary
Beth's Beanie World Monthly, a glossy four-
color magazine which includes such informa-
tion as projected selling prices and a supple-
ment on how to spot a fake, is considered one
of the foremost experts on the craze in the
Chicagoland area. Her magazine is not en-
dorsed nor supported by the Ty Corp.

The monthly magazine began publication
in September 1997. Sobolewski has been col-
lecting the cuddly, plush creatures since they
first began appearing as a hobby for her and
her daughter to share. It began when her
daughter and her first-grade classmates began
shopping for the creatures.

"I just thought they were cute," she said.

Sobolewski makes
her living from Beanie Babies.
The magazine boast a circulation of
1 million.

As one of the nation's foremost experts on
the cuddly creatures, Sobolewski believes the
market for Beanie Babies will remain very
strong.

"There are several things which indicate it will
be a strong market," Sobolewski said. "When
McDonalds did the Tinnie Beanie promotion
earlier this summer, they sold out of 200 mil-
lion in one week. The distribution of beanie babies
at professional baseball and basketball games
guarantees a sell-out and Ty keeps releasing
new ones."

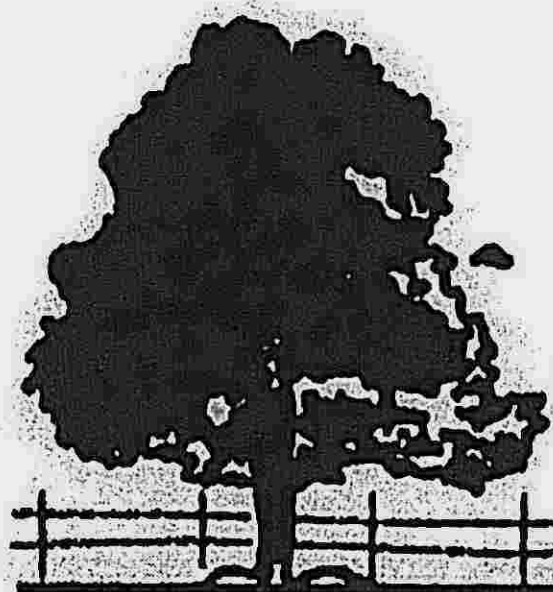

Just last week, Ty gave employees of the
company a special Billionaire Bear to honor
the company's sales record from January to
present. Employees, not immune to the Beanie
Baby bug, immediately began posting the
bears for sale on the website for \$3,000 each.

"There is just no end in sight," Sobolewski
said. "Research we have done at our magazine
indicates that most collectors have only been
collecting Beanie Babies for about one year. There is
a whole new wave of collectors coming in from
Canada and the United Kingdom, where the
craze is now really starting to take off."

The marketing expert did say, however,
she believes prices in the secondary market
have leveled out because they are based on
supply and demand.

"There just aren't that many early Beanie Babies

Celebrate Halloween with 'The Hauntings at Navy Pier' through Nov. 1

What promises to be Chicago's largest family oriented Halloween event this year? "The Hauntings at Navy Pier"—will be open Oct. 2 through Nov. 1. It will feature a unique line-up of Halloween entertainment, including a family-oriented haunted house, free hayrides, costume contests, pumpkin painting, other seasonal art projects, and a trick-or-treat treasure hunt.

Captain Fear's Haunted Ship Navy Pier will present a new haunted house, transforming the skyline stage into "Captain Fear's Haunted Ship." Designed for children ages 4 to 12, Captain Fear's Haunted ship will offer a frightfully (but not too frightful) fun adventure through a haunted sunken ship filled with pirate ghosts, creepy characters and long lost treasures.

Captain Fear's Haunted Ship was developed specifically for a younger audience—to excite and thrill, but not over-frighten. However, it is not recommended for children under 4. Location: Skyline Stage, Admission: \$6 general; \$4 children ages 4 to 11; \$3 for school group children (20 or more).

Ships' Graveyard & Pirate Pavilion Stage: Pier Park has been transformed into an eerie resting place for pirate ships. In the indoor Family Pavilion rotunda, continued entertainment is provided on the Pirate Pavilion Stage. Free entertainers include the "Navy Pier Players," the Pier's in house a cappella singing and acting troupe; the Pier's improv

troupe "A Piering Daily" performing the Captain Naughty and Case of the Missing Candy"; and the Rolling Bones, Navy Pier's Dixieland Band. Location is the Ship's Graveyard in Pier Park, Pirate Pavilion Stage in the Family Pavilion rotunda; admission is free.

Dominick's Harvest Market: Guests have the opportunity to step up to Dominick's Harvest Market and purchase Halloween related items, including pumpkins, hot apple cider, and other goodies!

Kid's Craft Corner: In the Family Pavilion is the Kid's Craft Corner, overrun by a band of private chefs. Pumpkin decorating is free, with the purchase of a pumpkin at the Dominick's Harvest Market. Other seasonal crafts will be offered at no charge.

Location is the Family Pavilion, north entry; pumpkin prices are \$3 and up per pumpkin.

Hayrides on Dock Street: Hayrides are offered along the Dock Street lead by pirate "Billy Leadfoot" and his friends who share with riders a ghost story incorporating historical elements of Navy Pier, Chicago and Lake Michigan. The ride lasts approximately 20 minutes.

Location is Dock Street, admission is free.

Costume Contest: This year, Navy Pier will host costume contests for kids (ages infant to 6; and ages 7 to 12), and for entire families or groups (two or more participants).

Categories for each contest include scariest, most original, funniest, and overall best. Two free, round-trip tickets (to anywhere in the continental United States where American Airlines flies) will be awarded to the overall best winners in each contest on each day. Other participant prizes include special surprises provided by Navy Pier shops and restaurants. Overall best winners from previous years are not eligible.

Contest dates and times are: On Oct. 24, 25, 30 and 31 contests will be held at —3:30 p.m., infant to 6-years-old (individual); 5 p.m., 7- to 12-years old (individual); and 6:30 p.m., Families/groups (two or more people). Location is the Family Pavilion Stage, admission is free.

Trick-or-Treat Treasure Hunt: Navy Pier will introduce a new and fun way for kids to trick-or-treat. On Oct. 25, 26 and 30, and Halloween, Oct. 31, kids will receive a treasure map, complete with clue, to help them track down all the "bounties." Each station will hand out a special prize to all young sleuths. Hours are 11 a.m. - 3 p.m. Admission is free.

"Hauntings" runs from Wed.-Sun., Oct. 2 - Nov. 1. Hours are Wednesdays and Thursdays, 11 a.m. to 7 p.m.; Fridays, and Saturdays, 11 a.m. to 8 p.m.; and Sundays, 11 a.m.-7 p.m. Reservations required for school groups. Please call (312) 595-5043 for more information.

For more information on the "Hauntings at Navy Pier," call (312) 595-JACK (5225), as in "jack-o-lantern."

For more information on Navy Pier attractions, events or travel directions, call call (800) 595-PIER. Or, visit the Navy Pier web site at www.navypier.com.

This hilarious, fast-paced show is truly an entertaining evening of laughs. Performances run through Oct. 25. Showtimes are 8 p.m. Fridays and Saturdays, and Sundays at 3

p.m. Tickets are \$12 for adults and \$10 for seniors and students. Performances are at 435 Cuba Rd., Lake Zurich. For more information, call 540-5932.

'Bell, Book & Candle'

Village Theatre of Palatine, Inc., is pleased to announce the opening production of its 49th season, "Bell, Book & Candle," directed by Jim Branthaver. All performances at Cutting Hall Theater, 350 E. Wood St., Palatine. Performance dates are Oct. 17, 23, 24, 30 and 31 at 8

p.m. Sunday matinee is Oct. 25 at 2:30 p.m. Tickets are \$12. Reserved seating available by calling the box office at 358-2506. This is a sophisticated comedy with a touch of witchcraft; perfect for the Halloween season!

An Ode to Judy Blume

The Annoyance Theatre is proud to announce the opening of the newest production of "What Every Girl Should Know...An Ode to Judy Blume", directed by Susan Messing. "What Every Girl

Should Know...An Ode to Judy Blume" is a satirical tribute that intertwines three of Judy Blume's most loved classics: "Are You There, God? It's me...Margaret," "Deenie" and "Forever," celebrating the angst and horror of puberty, crooked spines and first loves.

The cast of "What Every Girl Should Know" consists of 15 gifted comedic actors that have been brought together from stages all over Chicago. Performances are through Nov. 6, Fridays at 8:30 p.m. Admission is \$10. For

more information, call Jonathan Browning at The Annoyance Theatre 3747 North Clark Street, (773) 929-6200 www.annoyance.com.

Lake County artists to hold 23rd annual exhibit

The 23rd annual "5 to Show" exhibit of more than 150 original paintings and prints by five nationally-recognized Lake County artists will be held Friday, Oct. 16, through Sunday, Oct. 18, at the Layson Gallery, 622 North Ave., Waukegan.

Featured artists are: Skip Wiese, Elizabeth Whitten-Misunas, Malcolm Layson and Everett Misunas, all of Waukegan, and Don Daniels of Lake Forest. All have won major awards at numerous juried art shows in the Chicago area, and their works hang in galleries, museums, private and corporate collections throughout the United States and Canada.

Originally limited to watercolor paintings and held in one of the artist's studios so the public

could see first hand how a professional artist works, the exhibit has expanded to include works in oil, pastels, ink, etchings, block prints, serigraphs, and monoprints to reflect the five artists' different styles and choice of media. Each year the show attracts hundreds of Chicago area collectors, art students and gallery owners.

All five of the artists are active members of the Lake County Art League, and have conducted numerous workshops, classes and symposiums throughout the Chicago area.

The sale and exhibit is open to the public and free of charge. Hours are 5 to 9:30 p.m. Friday, and 11 a.m. to 5 p.m. on Saturday and Sunday.

For more information, call 234-1873, 336-0149 or 662-6958.

Making final plans for their 23rd annual "5 to Show" exhibit of more than 150 original paintings and prints on Oct. 16-18 are these nationally-recognized Lake County artists: from left, Malcolm Layson, Skip Wiese, Everett Misunas, Don Daniels and Elizabeth Whitten-Misunas. The exhibit and sale will be held at the Layson Gallery, 622 North Ave., Waukegan.

Halloween party, blending the traditional fun and entertainment of a family theme park with spooktacular special effects, extensive theming and creepy creatures.

Every aspect of the park changes for Fright Fest, with ghouls, monsters and street performers around every corner. Special entertainment for kids and adults varies from educational to hilarious to mysterious. Thousands of props, facades, decorations and special effects change the 100-acre theme park into a spectacularly creepy autumn festival.

Fright Fest is open weekends through Nov. 1. Times are Fridays from 5 to 11 p.m.; Saturdays from 10 a.m. to 9 p.m.; and Sundays 10 a.m. to 8 p.m. Tickets are: adults (11-59) \$34; children (4-10) \$29; three and under are free. Seniors (60+) are \$17.

For more information, call 249-INFO.

'Pumpkin Patch' open

Gourds, indian corn, straw balls, corn stalks and, of course, pumpkins of all shapes and sizes can be found at the Lambs Farm Pumpkin Patch. The Pumpkin Patch is one of the first to open in the area each year and operates until the end of October. Open daily, from 9 a.m. to 6 p.m., the Pumpkin Patch is located at the entrance to the Lambs Farm Farmyard.

What a great spot to find the perfect pumpkin and enjoy a fun-filled day with the family. The Farmyard with mini-train, fire truck, carousel and pony rides is still open with ride times throughout the day. And, families won't want to forget to stop by the Lambs Farm shops for festive gifts and delicious treats!

All proceeds from the Pumpkin Patch benefit programs developed for the over 250 men and women with

mental disabilities of Lambs Farm. Lambs Farm is located in Libertyville, on Route 176 just off I-94. To learn more about the Pumpkin Patch or for other Lambs Farm information, call 362-4636.

You can call me 'Donna' or you can call me 'Susan'

Recently, I attended the Illinois Press Association awards in Springfield with several other representatives from this newspaper, including the publisher, editors, reporters, photographer, etc. For the newspaper industry in the state of Illinois, this event is similar to the "Academy Awards", with a few exceptions:

1. There is no cleavage on display. Why? Well, you may have noticed that in any newspaper, the writer or columnist's picture only shows them from the neck up. That is because we want you to respect us. And why do we want your respect? What else can we get - we have no cleavage!

2. There are no boring acceptance speeches at these awards because...there are NO acceptance speeches. Which is good, when you imagine what they might be like: "I want to thank Roget's Thesaurus, and my new Random House Dictionary. But most of all, I wish to thank my 3rd grade grammar teacher, Miss Slangfree, who inspired me to improve my English skills by reminding me that 'only squirrels go 'nuttin'."

3. There is no singing or dancing. There is, however, a slide show. (HA! - and you thought actors had all the fun!)

The biggest difference from the Academy Awards is that there were no celebrities at this event. Actually, I thought there was at least one. I saw this man at the hospitality table, and he looked very familiar. Hey, I thought - that's the actor, Steve Guttenberg. What's he doing here?

About 10 minutes later, to my surprise, he showed up at our table. My editor introduced me to him

LIFE'S A BEAR

Donna Abear

and, as it turns out, he's not really Steve Guttenberg. He's William M. Schroeder, the president of this newspaper.

Silly me. That's when I remembered that I had seen his picture on the front page several times over the last few weeks. Which explains why I recognized him - from the neck up (for the record, he has no cleavage, either).

Now that I think about it, maybe our newspaper awards aren't at all like the Academy Awards. They have more in common with a "horse race" since, like a horse race, you can win, place or show in these awards. (Also, because horses have no cleavage.)

Actually, the Press Association awards even have an extra category - "honorable mention" - which as far as most of us in the newspaper business are concerned, means "oh, #\$@#\$, there goes the leverage for my raise."

Not that everyone who attends this event is so shallow that all they care about is winning an award. Not true. Most of us could care less about winning an award.

We want to win THE award - FIRST PLACE.

Why? Because anything less is...less. This is America, after all, and newspaper folks are no less competitive than anyone else. Me, included. After winning second

place, third place and second place over the last three years, I was really hoping to take home the big Kahuna this year. Number ONE. Numero UNO.

Fortunately, there were no television cameras trained on my face when the winners for "Best Original Column" were announced, since when they got to "third place" and read off my name, I am sure that my facial reaction was similar to that of

someone who just realized that they had mistaken a tube of hemorrhoid ointment for toothpaste.

Our paper's executive editor, being the sensitive type, saw my disappointment and immediately tried to console me.

"Guess you're the new Susan Lucci of columnists, huh?"

Thank you, Neal, I feel so much better. I mean, Susan Lucci has lost at least 17 times in a row. I suppose

now that I know I have 13 more years of losing to look forward to, I ought to take a tip from Susan - despite everything, she's still smiling. But then, Susan has reason to smile.

She has cleavage.

Questions or comments for humorist Donna Abear can be sent to Lakeland Newspapers, 30 S. Whitney St., Grayslake, IL 60030.

NOTICE OF PROPOSED CONSTITUTIONAL AMENDMENT

Pursuant to law public notice is hereby given that the following proposed amendment to the Illinois Constitution will be submitted to the Electors of the State of Illinois for adoption or rejection at the General Election to be held on November 3, 1998. (Proposed changes in the existing constitutional provisions are indicated by underscoring new matter and by striking all matter to be deleted.)

PROPOSED AMENDMENT TO SECTION 15 OF ARTICLE VI THE JUDICIARY

SECTION 15. RETIREMENT - DISCIPLINE

(a) The General Assembly may provide by law for the retirement of Judges and Associate Judges at a prescribed age. Any retired Judge or Associate Judge, with his or her consent, may be assigned by the Supreme Court to judicial service for which he or she shall receive the applicable compensation in lieu of retirement benefits. A retired Associate Judge may be assigned only as an Associate Judge.

(b) A Judicial Inquiry Board is created. The Supreme Court shall select two Circuit Judges as members and the Governor shall appoint four persons who are not lawyers and three lawyers as members of the Board. No more than two of the lawyers and two of the non-lawyers appointed by the Governor shall be members of the same political party. The terms of Board members shall be four years. A vacancy on the Board shall be filled for a full term in the manner the original appointment was made. No member may serve on the Board more than eight years.

(c) The Board shall be convened permanently, with authority to conduct investigations, receive or initiate complaints concerning a Judge or Associate Judge, and file complaints with the courts commission. The Board shall not file a complaint unless five members believe that a reasonable basis exists (1) to charge the Judge or Associate Judge with willful misconduct in office, persistent failure to perform his duties, or other conduct that is prejudicial to the administration of justice or that brings the judicial office into disrepute; or (2) to charge that the Judge or Associate Judge is physically or mentally unable to perform his duties. All proceedings of the Board shall be confidential except the filing of a complaint with the Courts Commission. The Board shall prosecute the complaint.

(d) The Board shall adopt rules governing its procedures. It shall have subpoena power and authority to appoint and direct its staff. Members of the Board who are not Judges shall receive per diem compensation and necessary expenses; members who are Judges shall receive necessary expenses only. The General Assembly by law shall appropriate funds for the operation of the Board.

(e) An independent Courts Commission is created consisting of one Supreme Court Judge selected by that Court as a member and one as an alternate, who shall be its chairman two Appellate Court Judges selected by that Court as members and three as alternates, and two Circuit Judges selected by the Supreme Court as members and three as alternates, and two citizens selected by the Governor as members and two as alternates. Members and alternates who are Appellate Court Judges must each be from a different judicial district. Members and Alternates who are Circuit Judges must each be from a different judicial district. Members and alternates of the Commission shall not be members of the Judicial Inquiry Board. The members of the Commission shall select a chairperson to serve a two-year term.

The Commission shall be convened permanently to hear complaints filed by the Judicial Inquiry Board. The Commission shall have authority after notice and public hearing, (1) to remove from office, suspend without pay, censure or reprimand a Judge or Associate Judge for willful misconduct in office, persistent failure to perform his or her duties, or other conduct that is prejudicial to the administration of justice or that brings the judicial office into disrepute, or (2) to suspend, with or without pay, or retire a Judge or Associate Judge who is physically or mentally unable to perform his or her duties.

(f) The concurrence of four members of the Commission shall be necessary for a decision. The decision of the Commission shall be final.

(g) The Commission shall adopt comprehensive rules to ensure that governing its procedures are fair and appropriate. These rules and any amendments shall be public and filed with the Secretary of State at least 30 days before becoming effective.

(h) A member of the Commission shall disqualify himself or herself, or the other members of the Commission shall disqualify a member, with respect to any proceeding in which disqualification or refusal would be required of a Judge under rules of the Supreme Court, under rules of the Commission, or by law.

If a Supreme Court Judge is the subject of a proceeding, then there shall be no Supreme Court Judge sitting as a member of the Commission with respect to that proceeding. Instead, an alternate Appellate Court Judge not from the same judicial district as the subject Supreme Court Judge shall replace the subject Supreme Court Judge. If a member who is an Appellate Court Judge is the subject of a proceeding, then an alternate Appellate Court Judge shall replace the subject Appellate Court Judge. If an Appellate Court Judge who is not a member is the subject of a proceeding and an Appellate Court Judge from the same judicial district is a member, then an alternate Appellate Court Judge shall replace that member.

If a member who is a Circuit Judge is the subject of a proceeding, then an alternate Circuit Judge shall replace the subject Circuit Judge. If a Circuit Judge who is not a member is the subject of a proceeding and a Circuit Judge from the same judicial district is a member, then an alternate Circuit Judge shall replace that member.

If a member of the Commission is disqualified under this Section with respect to any proceeding, that member shall be replaced by an alternate on a rotating basis in a manner provided by rule of the Commission. The alternate shall act as member of the Commission with respect to that proceeding only.

(i) The Commission and shall have power to issue subpoenas.
(j) Members and alternates of the Commission who are not Judges shall receive per diem compensation and necessary expenses; members and alternates who are Judges shall receive necessary expenses only. The General Assembly shall provide by law for the expenses and compensation of the Commission.

SCHEDULE

This Constitutional Amendment takes effect upon approval by the elections of this state:

FORM OF BALLOT

This proposed amendment to Article VI will appear in the following forms:

PROPOSED AMENDMENT TO SECTION 15 OF ARTICLE VI (The Judiciary) Explanation of Proposed Amendment

The proposed amendment, which takes effect upon approval by the voters, amends Section 15 of the Judiciary Article of the 1970 Illinois Constitution. This section of the Constitution includes provisions relating to the Illinois Courts Commission, which hears complaints filed against Judges by the Judicial Inquiry Board.

Currently, the Courts Commission consists of five members (1 Supreme Court Justice appointed by the Supreme Court, 2 Appellate Court Justices appointed by the Appellate Court, and 2 Circuit Court Judges appointed by the Supreme Court).

The proposed amendment adds two citizens appointed by the Governor to the Courts Commission. The amendment prohibits the participation of a member of the Courts Commission in any proceeding when that participation is deemed inappropriate by the rules of the Supreme Court, rules of the Courts Commission, or by law. The proposed amendment provides that no Supreme Court Justice may serve on the Courts Commission in a proceeding concerning another Supreme Court Justice; no Appellate Court Justice may serve on the Courts Commission in a proceeding concerning another Appellate Court Justice from the same judicial district; and no Circuit Court Judge may serve on the Courts Commission in a proceeding concerning another Circuit Court Judge from the same judicial district. Alternate members are authorized to serve on the Courts Commission when any member is ineligible to serve during a proceeding. The proposed amendment also allows the members of the Courts Commission to appoint a chairperson for a term of 2 years.

Saluto's, located where the action

When Brian Scott and Bob Bode had the foresight to open their Italian restaurant in Gurnee eight years ago, they located in what is now the business and social hub of not only Lake County, but of all northern Illinois.

Located at 7680 Grand Ave., Salutos is just two miles west of Great America and Gurnee Mills.

Dining in this attractive Italian courtyard motif, with stucco walls, beamed ceiling and a shake shingle soffits, under a white twinkling light trimmed tree, on some of the finest Italian cuisine to be found in the area is a palate-pleasing experience extraordinaire.

Salutos' kitchen turns out scrumptious entrees made from scratch, including the delicious pastas and special sauces. Their Steak or Chicken Saluto are dining delights to be long remembered by even the fussiest connoisseur, butterflied filets filled with Mozzarella cheese and Prosciutto, breaded and floating in a wine sauce.

For a taste that is one of many to fall under the "to die for" category, try the Rotolo, a sheet of homemade pasta filled with spinach, ham, and Ricotta and Mozzarella cheeses.

Their delectable pizzas have for many years had Salutos rated among the Top 50 independent Pizzerias by Pizza Pasta Magazine. Salutos' friendly professional staff is always ready to please their customers. The restaurant seats 178 and can also handle private parties of up to 60 people. Salutos also has a busby carryout business second to none.

Starting this fall, Salutos has plans to expand the present lounge, and on the north end of the restaurant, another addition will house a rustic sportsmen's bar, complete with salmon jumping in a waterfall.

Salutos is open six days a week for lunch and dinner and only for dinner on Mondays. Call (847) 356-6900 for more information.

BEANIES: Will the Beanie Babies craze ever end?

out there in mint condition available for sale," she said. "People know now that it is nearly impossible to get every beanie ever produced so they are now collecting for different reasons. They want to get all the dogs or all the barnyard animals. There are different reasons and always new reasons to collect."

Many Lake County merchants, including Porch and Eva Reiling from Eva's Hallmark in Lindenhurst, have donated Beanies for charitable auctions.

"It is a very generous practice," said Sobolewski. "Beanie Babies can do a lot of things for a lot of people. Certainly they can help to raise funds for an organization."

Porch has donated beanies frequently for charity events. In September a collection of five was used as a fund-raiser for the A.L.L. Parent Newtork and she plans to do another fundraiser for the organization with the most recent releases.

"It is something the public is very aware of so people respond well to raffles and it helps the organization," Porch said.

Most merchants agree the plush animals will continue to be popular because Ty ensures it.

"They release the names of their newest Beanies before I can even order them for shipment," said Porch. "So people hear there are new ones out and they start calling. It is usual-

ly two weeks or more before I'll have them in stock."

Porch like the Comstocks agrees: "adults are ruining it for the kids."

Some merchants, like Antioch's Hannah's Home Accents, have limited sales of the most popular beanies to kids only. Children must be present at a raffle and if their name is drawn can then purchase a Beanie for \$5.

"Most of my customers are great, but there are some who are fanatics," Porch said.

"Ninety-nine percent of our customers are great but we have had people who are out of control," Scott Comstock said.

Sobolewski said it's not knowing which ones will be retired quickly that keeps the interest high.

"Every time a new one comes out, people think they'll only get one chance to buy it. So they search for it frantically. You can't know what will be valuable and which won't."

Porch, the Comstocks and Sobolewski all shared similar views as to why the creatures are so popular:

"They are a very affordable toy to buy for kids, they're good quality and they're cute," Porch said.

"They are a great, affordable quality toy for kids," said Scott Comstock. "But anytime you have such a strong secondary market, you're going to get people who get out of control."

Should have called it Ambival-Antz

Millions of workers scurry throughout a bustling metropolis as Woody Allen details his despair to a psychiatrist.

The Big Apple, no, more like the Big Anthill. Allen supplies the voice of Z, a worker ant searching for love and adventure in the computer animated feature "Antz."

"Antz" has plenty of good aspects, but at the same time it disappoints. The story follows Z, a lowly worker who seeks the affections of Princess Bala (Sharon Stone). In an attempt to get the princess to notice him Z switches places with his soldier ant buddy Weaver (Sylvester Stallone).

From that point on, Z encounters a series of events which increasingly make him the unwitting hero.

Of course, Z has a nemesis, the evil General Mandible (Gene Hackman), but it's never made quite clear what Mandible's motive for being evil is.

Unlike "Toy Story" the movie which paved the way in computer animation, "Antz" fails to obtain the mass appeal it so desperately seeks.

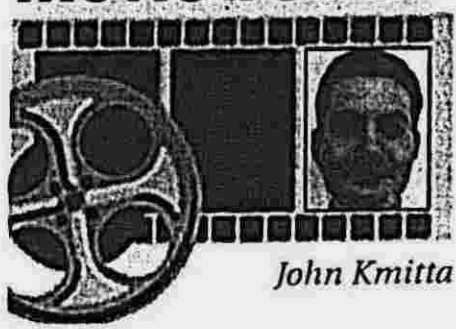

There are some mildly objectionable words, adult humor, and a somewhat violent scene which make the film a bit inappropriate for younger children.

It seems as though the creators of "Antz" intended the humor to be over the heads of children. Yes there are a few good laughs, but there may be a little too much humor of that sort to leave the film flat for kids especially without any catchy tunes like in Disney animation.

Kids will be drawn to the animation. The graphics are astounding—especially when the plot carries the action outside of the anthill. Still, "Antz" does not capitalize enough on the opportunity to show the grand contrast between the ants and their human surroundings.

Antz does boast an excellent list of celebrities lending their vocal chords to the title characters. In his first animation voice-over, Allen delivers his lines with smart, dry humor.

movie review

John Kmitta

In addition to Allen, Hackman, Stallone and Stone, the film also contains the vocal talents of Jennifer Lopez, Danny Glover, and Christopher Walken.

At first it is interesting to figure out who is the voice of each character, but once you get past that there are no real surprises until Dan Akroyd and Jane Curtin lend their talents to a couple of crusading wasps who help Z in his mission.

All of the vocal talent involved, along with the visual effects capabilities of Steven Spielberg's DreamWorks SKG Productions should have raised the bar on animation.

Instead, it seems as though "Antz" is a combination of other films such as "Honey I Shrunk the Kids" and "Toy Story." The mass carnage bug battle is reminiscent of "Starship Troopers" (not exactly a movie to allude to). They combine to give "Antz" a dull, unoriginal feel.

Even though the graphics were superb and the dialogue witty and sharp, "Antz" leaves the ambivalent feeling of not living up to its potential.

For that I give "Antz" two and a half out of five popcorn boxes.

Right, Z is a worker ant searching for love and adventure with Princess Bala (left) in the somewhat disappointing computer animated feature "Antz."

Does sports before schoolwork give kids a sporting chance?

Dear Dr. Singer,
I am a private tutor and have been running into a phenomenon I'd like you to comment on. It seems that a lot of the kids I tutor are also involved in sports activities. The sports have ranged from soccer to basketball to hockey to gymnastics to skating, etc. My concern is that it seems to many of these parents, the sports come first and the learning comes second.

I have had tutoring sessions canceled last minute because of a game. I've had parents try to rearrange tutoring lessons to fit into the sports schedule.

This happens in front of the child and I find myself wondering what messages are getting through to these kids. How can they feel that academics and learning are first priority and important if they see and hear their own parents placing the sports as more of a priority than the learning?

I have also seen parents do their kid's homework to finish it so that the child can play the sport. I get furious when I see this and of course, have to be tactful when presenting it to parents.

I don't know how to get through to these people and wonder what your opinion would be on this? Mrs. W.

Dear Mrs. W.,

This is somewhat of a tough quandary because on the one hand, academics and school performance is of the utmost importance, but many of the kids that I see that come in for my learning program also seem to have naturally gravitated toward the sport because it is something they do well and can feel good about.

If the academic area is a constant struggle (and if they are coming to you it probably is) and the child experiences nothing but pain from it, it is a natural thing for the child to want to participate in activities in which they are successful. Watching a child feel good is also a good thing in parents' minds and they don't want to take that one good thing away.

I have to say I don't often see adults helping children to learn to stick with the "tough stuff" even when it hurts. I see a lot of going with what feels good. I often will have parents want to work my learning program around sports events as well. Usually I ask them if they think their child will go pro in that sports area. If the answer is, "no," ask them to then look at some of the very things you've brought up here.

What message is the child getting from that? What message do they want the child to get? Ultimately, which will get the child further in life, sports or school?

PARENT'S PLACE

Sherri Singer,
Psy.D.

Usually, I am not looking at two parents who are purposely trying to destroy their child's academic chances. On the contrary, I am staring into the faces of two people who want their child to feel happy and do well at something that the child holds dear.

Two people who want the best for their child and think that this is the perfect way to get that. Most of the time, in my experience, gently explaining your position and talking about it leads to a logical way to work out the scheduling difficulty and the priorities.

Another important thing to remember is this: many parents who have dealt with their child's learning problem, have been through many levels of help and testing and programs etc.

They may not have had much success with the learning programs out there so far, and are not quite convinced that the "program of the week" will be any different in terms of success. It is up to you to not

only let them know how your treatment will be successful for their child, in specific terms, but also to help them to see the future through that success vision.

It's important to help them learn to tackle the brick wall that has become in the way of their child's academic success. It's important to show them that they can take that wall down, brick by brick. Once they feel successful, priorities will most likely shift naturally.

Attacking parent's choices about their child's sports without any of the rest of this involved will most certainly put the parents on the defensive and make it so no one hears anything anyone else has to say.

Bottom line here is, if parents decide that sports need to be first, there isn't much you will be able to do to change that. You try your best and the rest is up to the parents. Personally, I feel and have seen that there is a way to balance both sports and academics. Good luck.

Catch a last look at songbirds heading South on birdwalks at county forest preserves

Grab your binoculars and field guides and spend a Sunday morning with the warblers, thrushes, and sparrows at Lake County Forest Preserves' Third Sunday Bird Walks this fall.

Join a Forest Preserve Naturalist for the sights and sounds of the migratory songbirds making a fall stop in Lake County on their way out of North America. Walks take place the third Sunday of each month from 7:30-9:30 a.m. Each week features a different habitat:

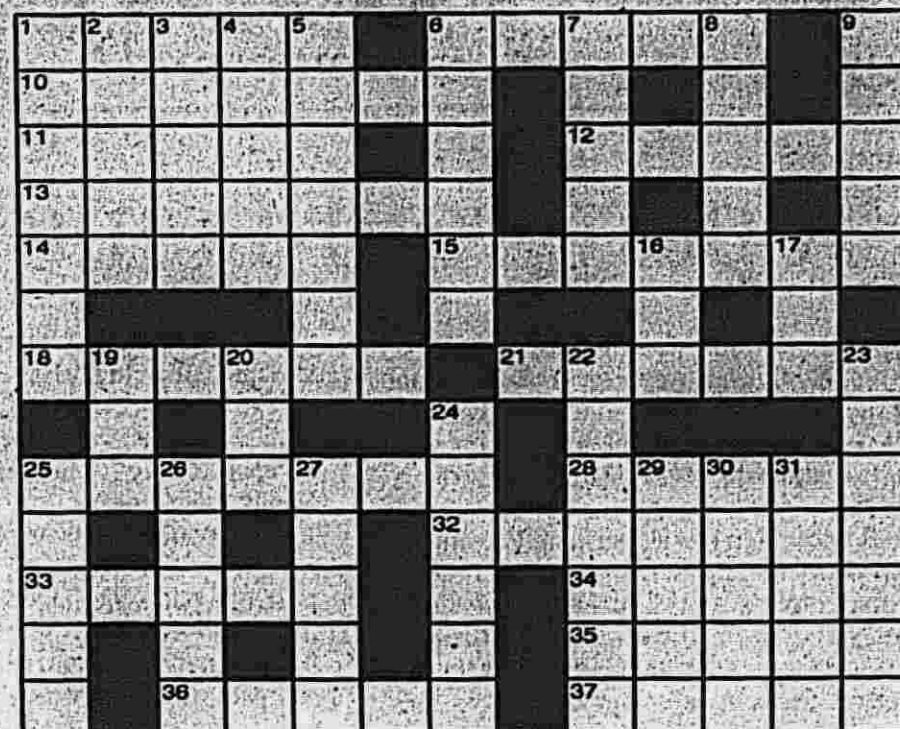

- Sunday, Oct. 18, Illinois Beach State Park near Zion
- Sunday, Nov. 15, Lyons Woods near Waukegan

Third Sunday Bird Walks run year-round at a different Forest Preserve each third Sunday of the month. They are open to adults and families with children eight years and older. Beginning birders are encouraged to attend. The cost is \$3 (\$4 for out-of-county). Reservations are required.

Ryerson Woods is located on Riverwoods Road, south of Route 22 and north Deerfield Road. Lyons Woods is located on Blanchard and Sheridan Roads, south of Yorkhouse Road.

For more information or directions, and to make reservations, please call 948-7750.

Prepare your home now to beat the winter blahs

Don't just weatherproof your home this fall, weatherproof your mood! Fresh paint and window caulk are great for protecting your house, but they don't do anything to protect your family from the winter blahs.

People often feel sluggish in the winter-time because they spend less time out-of-doors, which severely limits their exposure to sunlight. While taking the troops to the beach for a few weeks each winter might be ideal, it's not practical. But here is an idea that is: consider adding a sunroom to your home. The entire family will reap the benefits of increased light and it's always there when you need it (without the packing).

Nothing can create a cheery mood like a sunny day - right inside your home. Sunrooms fill the house with light and connect it to its earthly surroundings. The Europeans have coined these glass-walled rooms winter-gardens, because they offer a refuge of spring and summer cheer year round, even in the dead of winter.

A wintergarden, more commonly called a sunroom or a Florida room in the United States, is a glass enclosed room that creates a sunny haven in which to relax, revitalize and enjoy nature even when cooler temperatures keep you inside for extended periods of time.

Scientific studies have shown that natural sunlight can actually help put you in a good mood, improve your health, and boost your energy level by 24 percent more than artificial light, according to Men's Health and Current Health magazines.

An economical way to create a sunroom is by enclosing an existing porch, an open carport, or a patio overhang with rolling glass doors and windows, reports Patio Enclosures, Inc., the nation's largest manufacturer and installer of sunrooms. Sunrooms can also be built on an existing deck or concrete pad.

Another application is to construct a sunroom on the outside wall of your home with a solid insulated foam roof. As an option, glass roof panels can be integrated into the roof systems. This will allow light to come into your home and provide a more open feeling in your sunroom. The most dramatic, but most expensive option, is the all glass solarium with either a curved or straight eave roof.

For a free booklet on how to add your own sunroom, call 1-800-480-1966 or visit our Web site at www.patioenclosuresinc.com. Write Patio Enclosures, Inc., Free Homeowners Guide to Sunrooms, 700 East Highland Road, Macedonia, Ohio, 44056.

What to do in the garden in October

Too often many people think with the chill in the air and the turning of leaves to brown, that the gardening season is over. The die-hard gardener continues planting and doing garden work until December. The weather is usually favorable for outdoor work a good part of the time, and I actually enjoy working in the autumn (it's a lot easier than working in the dog days of August). You can work a lot harder, without working up a sweat. This past weekend was proof of that. My son helped me harvest many tomatoes, (some quite green), pumpkins, the last of the green beans, and loads of peppers, both hot and sweet.

There are many tasks that actually are easier to do now. Enlarging your gardens is one and if done now, they will be settled and ready for spring planting. The easy way to create new beds, of course, is to borrow or rent a roto-tiller. This saves a lot of labor digging up the ground by hand. By the way, as I have mentioned before, this is an opportune time to ready your vegetable garden for early spring planting. If you can't get to the entire bed, at least prepare the area where you will grow early crops, such as sweet peas and lettuce. Be sure when preparing a new bed (or even an established one) that you add plenty of humus, and compost to over winter, and make your soil that much richer in the spring.

Speaking of humus, that solves that problem of leaves. Hardwood leaves such as Oak, Hickory and Beech, should be carefully put aside for winter mulching. They do not rot

quickly nor pack down to smother the plants. Whereas, leaves of quickly decaying trees, such as Maple, become humus by spring if composted. Never pile new leaves on old heaps as it takes two years to make good compost and new leaves would spoil the already rotted ones. Keep them wet and shaded, if possible. Never burn them, for that is a big waste, I go around borrowing my neighbors, for that matter.

In the fall the air becomes cooler than the soil which causes a cessation of the flow of sap to the leaves of plants and all activity is centered on root growth. This is one of nature's wise provisions. Next spring the plant will suddenly be called upon to produce green leaves and blossoms before any great underground activity can take place. How necessary it is then that the plant has strong roots at this time. As long as the ground maintains a temperature of 40 degrees this root growth continues; long after early frosts have taken the tops and all apparent activity has ceased, the roots are completing their recovery from fall trans-

Stainless steel's the look in kitchen remodeling

Americans will spend big money on redecorating and remodeling their homes this year, so says just about everyone looking into consumer purchasing. According to the American Express Retail Index, 19 percent of US homeowners are undertaking home projects in 1998, up 8 percent from last year. The Home Improvement Research Institute projects that \$106 billion will be spent this year. And, according to the NARI Homeowner Remodeling Hotline, the kitchen is where the majority of money will be spent.

That was all good news at the Kitchen and Bath Industry show held in April, where appliance manufacturers show their latest and greatest and even test reaction to prototypes. What will consumers be spending money on in the months ahead? One trend seen at the K/BIS, as it's known to insiders, is anything and everything in stainless steel.

Bosch was the first to offer an all stainless dishwasher — inside and out — when it entered the US market in 1991. "The commercial look for home kitchens was just starting," says Michael Rockstroh, vice president of Marketing at Bosch. "It's a hot trend now and just keeps getting hotter." John Buscarello, a New York, certified kitchen designer (CKD) notes, "Stainless is now popular for everybody, we're seeing it permeate the market from the high-end all the way through."

Stainless has become the new neutral for the kitchen from coast to coast. And, culinary skills notwithstanding, it's a look that seems to

suit both form and function. "It fits in with many styles and gives the commercial look that people want," notes Gay Fly, a CKD in Houston, Texas.

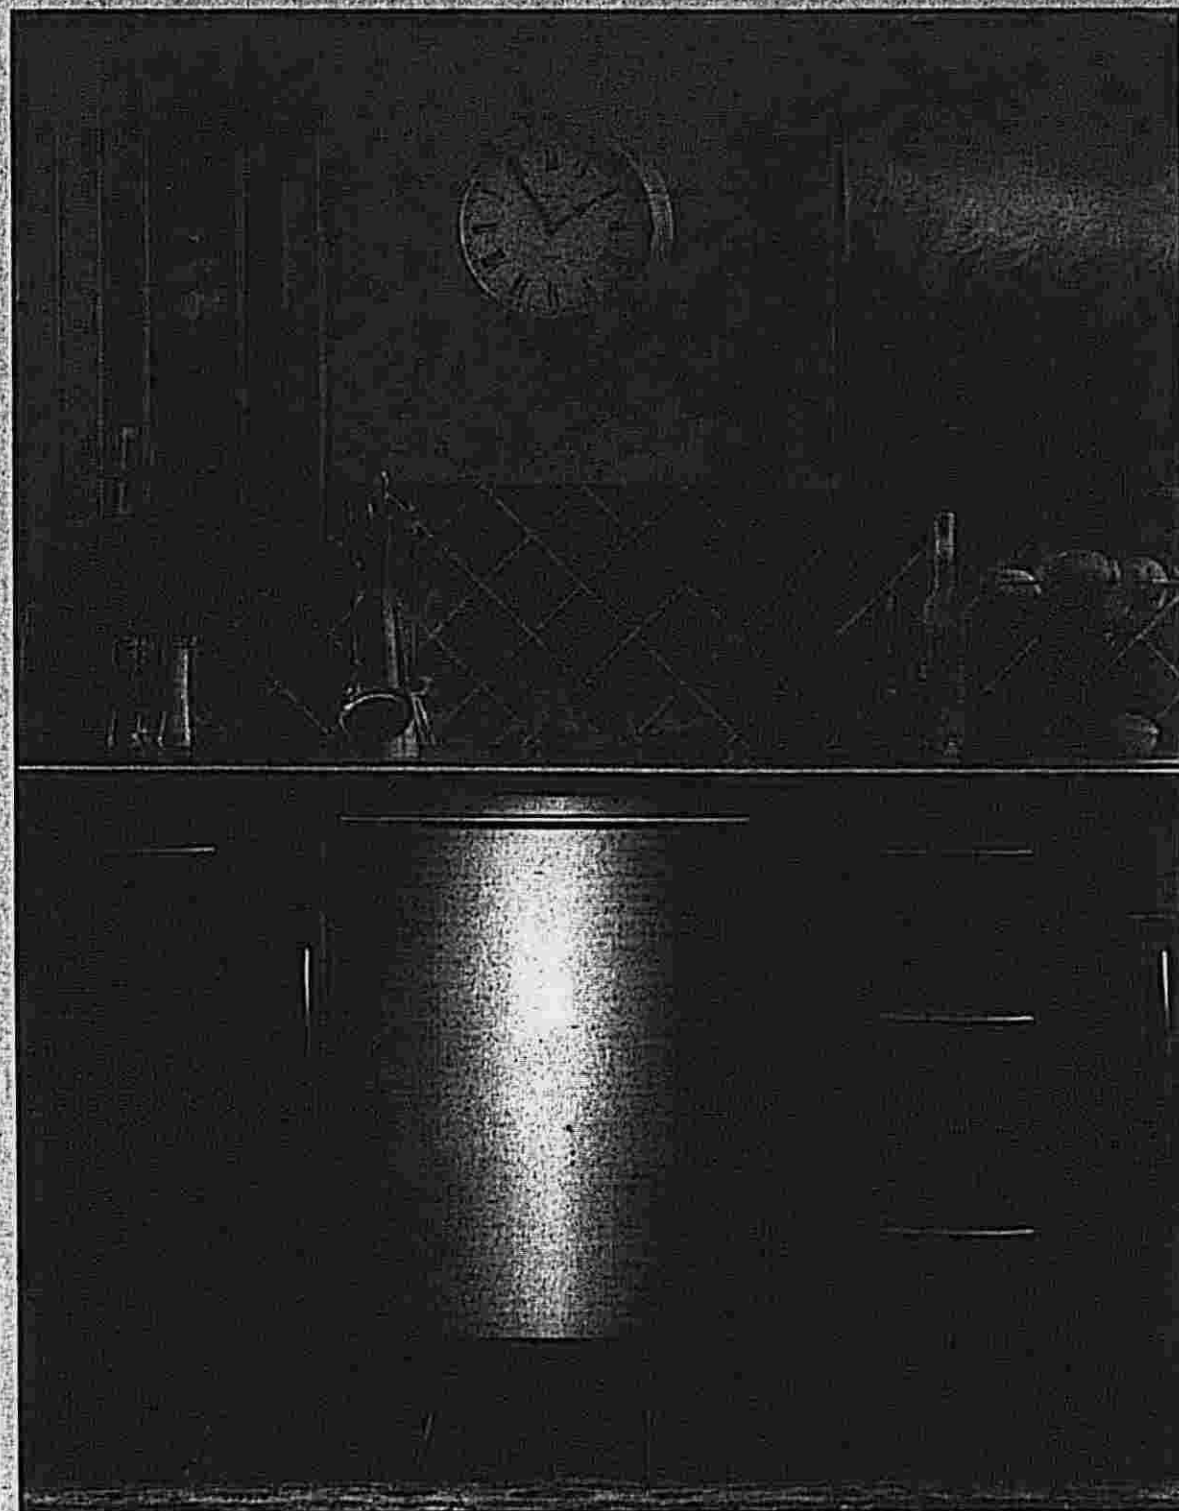

Gail Green, a designer from New York, who showed one of the first all-stainless kitchens at the celebrated Kips Bay Decorator Showhouse back in 1993, believes that "stainless steel creates great contrast between warm and cold in a kitchen and it's very 21st century." The trend then will surely continue.

The disappearing kitchen is also gaining momentum. Joining SubZero's drawer refrigerators is Bosch's fully-integrated dishwasher which also can be "hidden" into the kitchen decor with a custom cabinet front. The controls are along the top of the door and once closed, the super quiet machine disappears. Bosch also introduced a stainless steel panel to sheath the door from top to bottom for those opting to follow the stainless trend and still hide the controls.

As more money is being spent on home improvement, other trends are emerging. A double dose of dishwashers per kitchen is one that is increasingly common as American houses get bigger. Country Living's display kitchen at the Kitchen and Bath Industry show featured two Bosch stainless (of course) dishwashers flanking the sink.

To find a local Bosch dealer call 800-866-2022 or check the Bosch Web site at www.boschappliances.com.

GARDEN: Prepare for winter

planting.

In fall while mulching and stirring up the earth around your plants, it is best to arrange the soil about the crown, so that water flows away from it. The plant is likely to settle after and be injured if a

pool forms about it during freezing weather.

Be sure to mulch with hardwood leaves before the ground is frozen. This avoids heaving and root breaking.

Until next week, peace.

Building chairman vote gets cold shoulder

Select County Board members question judgement

By JOHN ROSZKOWSKI
City Editor

After a contentious discussion over county building issues, Lake County Board members approved the reappointment of building commission member Esper Petersen.

The board voted 11-3 this week to approve the reappointment of Petersen to the Lake County Public Building Commission for another five-year term.

Most board members favored the reappointment of Petersen, who is the commission's chairman, but some questioned the "judgment" of

some of the commission's decisions in recent years.

Martha Marks (Dist. 21 - Riverwoods) was one of the three board members to vote against the reappointment along with Suzi Schmidt (Dist. 3 - Lake Villa) and Carol Calabrese (Dist. 15 - Libertyville).

Marks pointed to persistent structural problems at the county jail and other buildings and questioned the commission's response in dealing with these problems.

"It bothers me as a taxpayer," added Schmidt. "It just seems it's a continuing ongoing nightmare with this entire building complex."

Marks outlined her concerns in an eight-page letter to the board. She addressed two projects in particular: a skywalk that connects the jail to the county courthouse and ongoing problems with the new jail facility.

In January 1992, Marks said, Petersen recommended the hiring of an architect to design the proposed skywalk. The estimated cost of the project at the time was supposed to be between \$600,000 and \$700,000, she said.

However, the low bid for construction came in at about \$1.5 million, and about a year after construction, the skywalk began to experience

"sagging." With the additional cost of repairs, and litigation involving one of the contractors, Marks estimates the project ended up costing the county more than \$2 million. Meanwhile, she said the commission failed to act quickly enough to address major structural problems at the jail.

The jail, which was built in 1989, was experiencing leaking and other structural problems and ultimately the county, on the recommendation of the building commission, filed a lawsuit against the project's architect, Legatt Architects of Waukegan.

However, she said the county waited too long to file the suit and the statute of limitations expired.

"Why did the Lake County Public

Building Commission wait until after the statute of limitations ran out?" she asked.

Rudolph Magna, an attorney for the building commission, said the commission, under Petersen's direction, has taken an active role in maintaining and improving the condition of county buildings.

"He (Petersen) has done an excellent job in protecting the commission and protecting the treasury and maintaining the quality of buildings," Magna said.

Magna noted that there have been more than \$40 million in building projects over the last several years, and overall, there have been

Childhood dream is now a reality for county's top cop

By JOHN ROSZKOWSKI
City Editor

Ever since he was a young boy, Gary Del Re dreamed of being a police officer.

For Del Re, the incumbent sheriff of Lake County, his childhood dreams have not only been fulfilled, but exceeded.

Starting his career 25 years ago as a patrol officer for the Village of Buffalo Grove, Del Re has worked his way up to become perhaps the most important law enforcement officer in Lake County.

"I guess it goes back to a child-

hood vision," said Del Re. "Even as far back as a young boy, I thought law enforcement would be an interesting occupation to pursue."

Del Re, who was appointed sheriff in October 1996 to replace retiring Sheriff Clinton Grinnell, is facing his first election challenge. In the November 3 general election, Del Re, a Republican, will face Waukegan Police Lieutenant Marlene Runyard, who is running on the Democratic ticket.

Del Re would like to continue the job he started two years ago.

"I think we've accomplished a great deal during my tenure in the sheriff's office," he said. "We've seen a 12 percent reduction in crime over the last two years, which I attribute to some innovative (crimefighting) approaches we have implemented."

One example of this innovative crime fighting approach was the establishment of the "repeat offender strike force." Del Re said the strike force targets people who are "serious

Del Re: Vows to crack down on gangs and illegal drugs

repeat offenders" of crime.

"Fifty percent of the serious crime is committed by 10 percent of the offenders, and the purpose of the task force is to identify those individuals. We've been very successful in that approach," said Del Re, noting the strike force has made more than 400 arrests since its inception.

Del Re said his department has been working closely with the Lake County gang unit to help root out gangs. The unit, which is comprised of 49 law enforcement agencies in the county, has conducted 25 gang sweeps over the past year.

The sheriff's department is also cracking down on drugs, according to Del Re. In Lake County, Del Re said, an estimated \$19 million in illegal drugs has been confiscated, a record-breaking year.

Del Re said his department is also targeting sex offenders, particularly

Democratic candidate for treasurer will 'run office like a business'

by LESLIE PIOTROWSKI
Staff Reporter

Lynda Paul, Democratic candidate for Lake County Treasurer, believes the county's taxpayers deserve an experienced financial professional as their Treasurer.

She plans to use her expertise in accounting and financial planning to bring professional accountability to the Treasurer's Office, which oversees the distribution and investing of more than \$1 billion annually in property taxes and other revenue.

Her background includes solid knowledge of the financial field. While serving as the lead corporate accountant for Abbott Laboratories for eight years, she managed \$9 billion in revenue.

She also has a master's degree in finance and business administration from Keller Graduate School and a bachelor's degree in corporate fi-

nance from Ball State University. A certified public accountant and a registered investment advisor, she currently works as a financial planner with MetLife Securities.

When she was originally approached to run by members of the Democratic party, she initially turned them down. She is facing Republican Robert Skidmore November 3.

"I didn't want any part of it because I am a private person," she said. "But when I learned that my opponent had no financial background and that he was running on his father's name, I thought 'Shame on the Republican Party for putting in such a weak candidate.'"

She said she is running out of a sense of duty. "Taxpayers of Lake County deserve something better," she said. "They deserve an indepen-

Inmate hangs self in cell

On Oct. 13 at approximately 1 p.m., an inmate in the Lake County Jail was found hanging in his cell. The inmate was arrested on Sept. 24 for Aggravated Sexual Abuse and was remanded to the Lake County Jail at 9:26 a.m. on that date with a bond amount of \$750,000.

On several occasions, the inmate was interviewed by the Mental

Health Staff and was under close supervision by the Correctional Staff. At 12:51 p.m. the Correctional Officer assigned to the Medical Unit where the inmate was housed, observed him to be well. At approximately 1 p.m., the Correctional Officer returned to check on the well being of the inmate, and found him hanging by his bedding sheet.

The Medical Staff immediately attempted to revive the inmate and continued resuscitation efforts until Waukegan Paramedics arrived and transported him to St. Therese Hospital. The inmate was pronounced dead at approximately 1:45 p.m. The inmate's name is being withheld at this time, pending family notification.

Students honored in the Merit program

The Principal, Rev. Robert Carroll, O. Carm. of Carmel of High School in Mundelein announced that 14 Carmel High School seniors have been named Commended Students in the 1999 National Merit Scholarship Program. A letter of Commendation from the school and National Merit Scholarship Corporation (NMSC) which conducts the program, will be presented by the principal to the following scholastically talented seniors:

Molly Buckman of Mundelein; Lauren Denofrio of Wauconda; Erin Duffy of Ingleside; Roxann Ferguson of Gurnee; Nicholas

Garzonetti of Grayslake; Eric Herman of Lindenhurst; Thomas Hermes of Buffalo Grove; Emily Holzman of Libertyville; Jillian Houghton of Ingleside; Nicole May of McHenry; Brian Payant of Antioch; Nicklas Pfanzelter of Green Oaks; Sarah Rosenberg of Lake Zurich; Erin Walsh of Lindenhurst.

Some 34,500 Commended Students throughout the nation are being honored for their exceptional academic promise. Although they will not continue in the competition for Merit Scholarship awards to be offered next spring, Commended Students placed among the top five percent of more

than one million students who entered the 1999 Merit Program by taking the 1997 Preliminary SAT/National Merit Scholarship Qualifying Test.

A Merit Program spokesperson commended, "Recognition of academically talented students and of the key role played by schools in their development is essential to the pursuit of educational excellence in our nation. The young men and women named Commended Students are honored for their outstanding scholastic potential demonstrated by their high performance in the very competitive Merit Program. We hope the recognition received by these able students will encourage them to take advantage of their opportunities for higher education and to diligently pursue their professional goals. The nation will benefit from the full development of this valuable intellectual resource."

WHAT TO DO WITH THE KIDS AT DISNEY WORLD

by JIM WARNKEN,
President, North Star Travel, Inc.

Disney World is the number one place to take the kids, but maybe mom and dad would like a day (or at least a couple hours) on their own. Disney's got that covered.

Kids up to the age of 12 can take part in a unique "learning while playing" developmental program at Disney's "KinderCare" while their parents do their own thing. It's open 6am-8pm daily and includes lunch and two snacks. Space is limited so call for reservations (407-827-5437) well ahead of time.

KinderCare also offers in-room babysitting to all Disney Resort guests. Call them at (407)827-5444 with a 24-hr. notice.

Disney's got programs for the older kids.

The 10 to 15-year-olds can take part in an unforgettable hands-on behind-the-scenes Disney experience at the "Wonders of Walt Disney World" school. The six-hour classes include guide instruction and access to the Theme Parks and backstage areas. Lunch is included. Reservations can be made by calling (407)354-1855.

"Kidventure" offers the 8 to 14-year-olds an introduction to ecology, plant adaptation and animal behavior at Disney's nature preserve, Discovery Island. It's offered 9am-1pm on Wednesday and Sunday during the summer and Wednesday only the rest of the year. Call (407)824-3764 for reservations.

While the adults are off playing at night at Pleasure Island, the kids (4-12) can enjoy their own dinner show at "The Neverland Club" from 5pm to midnight. The theme is, of course, Peter Pan, and includes a buffet of kids food along with a live show.

Other nighttime kids activities include the Mouseteer Clubhouse, where, for \$4.00 per hour (max 4 hours), the 4 to 12-year-olds can play all kinds of games (video as well as the old fashioned kind). It's offered at the Contemporary Resort (824-1000) and the Grand Floridian (824-2985).

Disney's Yacht and Beach Club has a similar program called the "Sandcastle Club." They can be reached at (407)934-8000 ext. 6290.

Sure these programs sound great for kids, but Disney has not forgotten the adults.

"Disney's Learning Adventures" offers adult programs giving insight into the horticultural themes and cultures of Epcot. Call (407)824-4321 for more information and reservations.

TOP COP: Will expand programs

those who prey on young children.

The department has posted a list of convicted child sex offenders on the Internet to make parents aware of sex offenders in their neighborhoods. It has also started a child exploitation unit, which uses the Internet to catch pedophiles.

"This unit has already made two arrests in Lake County of people who were trying to get access to children through the internet," Del Re said.

If re-elected, De Re said he would expand these programs and intensify efforts to reduce youth crime, drug use, and drinking and driving on the streets and waterways of the county.

Del Re believes his experience as sheriff and his creative approach to crime fighting sets him apart from his opponent.

"Over the years, I've had the opportunity to work in virtually every area of law enforcement, which has prepared me well for what I'm currently doing," he said.

If law enforcement is Del Re's first love, presidential politics is a close second. He is currently studying for a master's degree in U.S. history at Northeastern Illinois University. His office is a virtual shrine to past presidents of both parties: Ronald Reagan, Richard Nixon, Dwight Eisenhower and Harry Truman.

Del Re believes reading about the experiences of past presidents and their wisdom in dealing with problems helps him in his current job as sheriff.

"Sometimes, it can be a little lonely at the top, and these people provide a source of inspiration for me."

CANDIDATE: Plans to run treasurer's office like business

dent money manager who will look out for their interests."

Her plans include launching education and outreach programs to educate tax payers. She envisions assessors putting on seminars at libraries to explain their roles, tax rates and how they are calculated, and where tax money goes once it is received.

Paul also plans to give State of the Treasury reports throughout the county at community libraries and local banks.

"Many people lack knowledge of taxes," she said. "People should understand why taxes increase and need to address how it can be stopped."

Increasing conveniences for taxpayers is another priority. She plans to explore the possibility of tax payers paying real estate taxes at local banks and using credit cards to pay real estate taxes.

She also wants to enhance the office's investment policies. She proposes putting the office's money out to bid at local banks and going with the bank that offers the highest interest rate. For the first time, the public

would be able to see how much interest the Treasurer's money is earning via the Internet.

Reducing the property tax burden is a key issue for Paul. She plans to explore a lease/lease-back program that would pump money into school districts and libraries, while providing tax benefits to neighboring corporations.

"The Treasurer's salary is \$87,000," she said. "If you want a treasurer who wants everything to stay the same, you don't need to pay \$87,000."

But Paul maintains Lake County needs, "a qualified money manager who will run the office as though it is a business."

Paul, a resident of Waukegan, grew up in Hammond, Indiana. From early on, her family taught her, "If you believe in God and do the right things, you can lead a successful life."

She is married to Cliffon Paul, a Buffalo Grove Police Officer, and has three sons, Cliff Jr., Brandon and Darius.

COLD SHOULDER: Board questions the building commissioner

very few problems.

He noted that some of the problems that Marks identified existed before Petersen joined the commission. Petersen was appointed to the commission in April 1991 and did not become chairman until November of that year. Most of the new jail construction work was done in 1989.

Magna said the commission realized there were problems with the contracting work at the jail, but had no idea how serious those problems were until an independent study was conducted.

After the results of the study were completed and all of the problems were identified, Magna said the county moved forward with its lawsuit against Legat Architects, the architectural firm responsible for overseeing the contracting work.

"This lawsuit is far from over," he told the board. "It's still an active lawsuit. One minor section of the lawsuit has been ruled on (by the courts) but that's in appellate court."

Magna said he prepared a 50-page summary to address the issues some of the board members raised. "There's certainly room for legitimate discussion, but I just hope somewhere the facts don't get lost," he said.

Antioch—United Homeowners of Unincorporated Antioch has mailed 4,500 copies of their "Sewer Feasibility Study fact sheet" to residents of unincorporated Antioch Township. The next meeting of UHAUA is scheduled for Tuesday, Oct. 20 at 7:30 p.m. at St. Stephen's Church on Route 59 just south of Route 173. The public is invited to attend the meeting.

"We are asking every property owner to read all the information carefully and respond by returning your completed sheet to the address listed at the bottom as soon as possible," said Christine Peters, secretary of the homeowners group. "Your response is very important to the future of the Antioch Township environment."

The fact sheet was mailed to every individual owning property in unincorporated Antioch Township, according to Peters.

Money awarded to prevent abuse

Grayslake—Four Lake County Exchange Clubs have established a foundation for the prevention of child abuse. Three lucky organizations will be receiving grants of \$5000 each to help their cause.

The Exchange Club Foundation for the Prevention of Child Abuse will present its grants for 1998 at an awards dinner held at 6 p.m. Oct. 13 at the Bonnie Brook Country Club in Waukegan.

Established in 1996 by four Lake County Exchange Clubs, Grayslake, Gurnee, Gurnee-Breakfast, and Waukegan, the foundation is focused on primary prevention of child abuse in Lake County.

Three people from each of the Exchange Clubs are on the Foundation board, for a total of 12 members.

"We have supported centers in Cook County for years," said past Chairman John Richtman, a member of the Grayslake Exchange Club. "We decided we would set up a foundation with two goals: raise money to use for grants, and do some public education."

This year the grant recipients are Central Baptist Children's Home, Youth and Family Counseling, and La Casa. Each organization will receive a grant of \$5000.

Each organization will give a short speech on their mission and how they will use the funds at the awards dinner. In addition to making the grants, the foundation will recognize contributions of past board members.

Body identified; suspect arrested

Libertyville—The Lake County Sheriff's office identified the decomposed body found two weeks ago and also arrested a suspect for the murder of the newly identified man.

The victim was identified as Gary D. Horton, 39, of Chicago. Horton had died due to a gunshot wound to the head.

Investigators had no luck when they tried to match the remains to missing persons. Due to media exposure of the discovery however, Sheriffs received numerous phone calls. One of the calls resulted in the identification of the man.

After the victim was identified to be Horton investigators unraveled the events leading up to the man's death and also pinpointed a suspect, Frank Moore, 36, of Chicago.

On August 15 the two men, along with a female friend, visited friends in the Round Lake area. Moore and Horton had allegedly been arguing throughout the evening.

The body was found 7 to 10 feet from a residential driveway off of River Road, and was discovered by one of the residents with access to the driveway, Richardson said. The body was approximately 472 feet from River Road and was lying on top of a piece of wire fence which was lying on the ground.

Moore was charged with First Degree Murder and is being held without bond in the Lake County Jail.

Rescue squad sponsors food drive

Lake Villa—Lake Villa Rescue Squad is sponsoring a food collection drive. Food collection has started and will extend through October to Tuesday, Nov. 10.

Collected food will be given to the Lake Villa Food Pantry.

Non-perishable food items may be dropped-off at the Lake Villa Rescue Squad station, located at 910 Grand Avenue.

Food will be accepted between 9 a.m. and 4 p.m.

The rescue squad is near the intersection of Grand Avenue and Deep Lake Road.

Dist. 116 to go for referendum

Round Lake Area—What does a District with a well known, extremely tight financial situation do in the face of enrollment increases that will literally burn its facilities at the seams?

It goes for a referendum. District 116 will be asking for between \$12 million and \$18 million on the February 23, 1999 ballot.

The bright side of the scenario, however, is the possibility that the District will obtain a grant to reimburse up to 49 percent of the total cost of their proposed projects. The construction grant program, administered by the Illinois Capital Development Board, is in the second year of a three year initiative. District 116's window of opportunity for applying for this money is April 1.

"It's a perfect opportunity for the district," said Wickwire. "We can't afford not to take advantage of this. If the voters give us permission to spend \$13.5 million, for example, we would only have to bond ourselves for \$9 million."

There is no guarantee the district will be awarded the grant, but historically the question of need is considered in allotting the money.

The referendum proposal would accommodate growth projections at the District for the next ten years, according to administrators.

Pin raffled for breast cancer funds

Lindenhurst—A scarce compassion pin made by Swarovski Jewelry will be raffled to raise money to benefit breast cancer research by Eva's Hallmark and Flower Hut, 2064 East Grand Avenue, in Lindenhurst.

The raffle is undertaken during National Breast Cancer Awareness Month. In addition, Sunday, Oct. 18 is National Mammography Day.

"We're donating this compassion pin, a \$150 value, for the raffle," Reiling said. "It's beautiful."

The pin is the 1998 Annual Edition of a series titled "Celebrate the Spirit."

The company that made the pin, Swarovski, will be donating five percent of the money from the sale of the pin to the American Cancer Society. The local raffle, however, is undertaken by Reiling as a local fund-raising event.

"All the proceeds will be given to the Lake County unit of the Breast Cancer Society," Reiling said.

Raffle tickets cost \$5 apiece.

Reiling hopes that the support for the compassion pin raffle will be strong.

"Anyone who wants to help, we appreciate it," she said.

Sex offender pleads guilty

Wauconda—Joseph L. Sharp, 19, plead guilty Oct. 13 to two counts of sexual abuse and assault against two little girls, and faces up to 22 years in prison authorities said.

Sharp, of unincorporated Wauconda, plead guilty to one count of criminal sexual assault in the case of his having intimate sexual contact with a female relative, now age 10, between 30 to 40 times a year, for the past four years, and one count of aggravated sexual criminal abuse in the case where he fondled and eight-year-old girl between five to 10 times while she sat in Sharp's lap between Aug. 18 and 20 at the Wauconda Park District's Tween Time Camp, authorities said.

"He confessed to both cases," said Veronica O'Malley, assistant Lake County state's attorney. Sharp remains held in Lake County Jail on \$400,000 bond, awaiting sentencing, set for Nov. 24, before Lake County Associate Judge George Bridges. In the meantime, he will undergo a sex offenders evaluation and a psychiatric evaluation as authorized by Bridges, O'Malley said.

Plans to build fourth fire station

Fox Lake—Village trustees approved the purchase of triangle shaped, three-quarters of an acre at State Park and Main Street, located in the northern region of the village near the Lake and McHenry Counties boarder for \$7,000, to be developed as a fourth fire station.

"That area up there is growing so fast," said Fire Chief Stu Hoehne. The station will service the Leisure Village and Vacation Village retirement areas, as well as several already approved subdivisions, he said.

Those include Reva Bay, a 144 townhome project just starting, and Woodland Green, a 150 townhome project that has not started development, said Bill Hart, building commissioner. Both are on Grass Lake Road. Sundial Farms, a single family home subdivision, already has 50 homes built, and should have around 150 when completed.

Doctors say Alex is cancer free

Wauconda—Alexandria Paris, 6, underwent successful surgery at Children's Memorial Hospital in Chicago on Oct. 13 for the removal of the port underneath her arm, that was used to administer chemotherapy treatments.

Doctors reviewed chest X-rays taken last week the day before, and determined the three nodules inside Alex's upper left lung were not cancerous, which allowed the surgery to be performed, said Liz Paris, Alex's mother.

Alex will return to Children's on Dec. 9 to undergo routine tests to see if any cancer has returned. Doctors have told Paris if the cancer comes back, it typically returns within six months to one year following the last chemotherapy treatment. Alex had suffered from rhabdomyosarcoma cancer since Sept. 1997.

Teen artist has own exhibit

Mundelein—Age is not a requirement for becoming a success in the art world. Randy Taylor II is proof of that. The 13-year-old Mundelein teen opens his first one-man art exhibit this week at the Lake County Museum, where approximately 20 of his drawings and paintings, which show action and environmental scenes, will be on display, from Oct. 13 through Nov. 30.

The Lake County Museum is located in Lakewood Forest Preserve on Route 176, just west of Fairfield Road, near Wauconda. Museum hours are 11 a.m. to 4:30 p.m., Monday through Saturday, and 1 to 4:30 p.m. Sunday. Admission is \$2.50 for adults, \$1 for students age 4 to 17. Children 3 and under are free. Free admission for all ages is offered on Tuesday.

Ryan-Wood team: Bring stability, decency to Illinois

As Secretary of State George Ryan entered the race for Illinois governor with a decided advantage in name recognition. As a champion for citizens joining the organ donor program, Ryan became familiar to voters across the state through TV commercials promoting organ donations.

As a former lieutenant governor and speaker of the House, Ryan has been close to the hands of power for a long time. For a gubernatorial candidate, his experience in state government is unequalled in modern times. There was no surprise that George Ryan ran unchallenged in the Republican primary. In a political masterstroke, Ryan chose a young woman attorney from Lake County, State Rep. Corinne G. Wood of Lake Forest, as his running mate. Although only a first term legislator, Wood has served with distinction while displaying uncommon personal courage in surmounting the effects of breast cancer.

On the Democratic side, far downstate Congressman Glenn Poshard's primary victory came as a total upset. Espousing some decidedly unDemocratic-like positions as pro-life and to-the-right views on gun control, Poshard briefly showed promise of running as a "different" kind of Democrat, a Democrat with a conservative side. The stage was set for Illinois Democrats to capitalize on a moderate.

Out of favor with traditional liberal Democrats and facing the Ryan-Wood juggernaut, Poshard by late summer lapsed into desperate and reckless rhetoric. An already failing campaign reached an apex when Poshard attempted to connect Ryan with the tragic deaths of six children on I-94.

The tasteless and clumsy Poshard campaign has left countless citizens aghast and disgusted. Ryan's sensible programs to improve school funding and educational standards, and his efforts to explain how he and fellow Republicans can run the state without imposing greater tax burdens on the citizenry have been overshadowed by Poshard's gutter tactics and a politically manufactured scandal in the secretary of state's office.

In our opinion, Poshard has forfeited any right to be considered for the state's highest office by resorting to unpardonable mudslinging. Despite his opponent's guerrilla tactics, Ryan has remained calm and gentlemanly. His record and his demeanor offer strong testimony for his election.

This is no time to experiment with a demagogue, not when it is vital to maintain Illinois' economic momentum. George Ryan and Corinne Wood represent ability, stability and decency. We urge their election in the strongest possible terms.

GOP trio backed

Two Illinois state officers on the Nov. 3 ballot have compiled commendable records and have earned respect as competent public servants. They are Attorney Gen. Jim Ryan and Treasurer Judy Barr Topinka. With State Sen. Chris Lauzen, candidate for Illinois comptroller, they round out their party's state ticket. They are Republicans and we recommend their election.

Ryan (no relation to George Ryan) has run the state's biggest law office efficiently and free of scandal. We like his efforts to inform the public on open meetings and freedom of information. We admire his determination to carry on his duties in the face of personal adversity and family tragedy. Topinka has achieved savings in the operation of the treasurer's office, appointed an inspector general to monitor contracts and finances, and implemented the state's first-ever written investment policy. The current treasurer, who is eager to retain her office, has compiled a remarkable \$1 billion in profit for state and local government since elected in 1994. Lauzen is regarded as one of the hardest-working and brightest GOP lights in the State Senate. As a certified public accountant, he will bring unusual qualifications to the comptroller's office.

Don't forget Jim Ryan, Judy Barr Topinka or Chris Lauzen.

VIEWPOINT

DUI award spells envy in police world

Whatever floats your boat" could well be the shrug with which more than a few chiefs of police in Lake County received news that the Lincolnshire Police Dept. was honored for its DUI arrest record, one of the highest per officer in Illinois.

Without detracting from an award bestowed on Lincolnshire Police Chief Randall A. Melvin, the unnamed (for obvious reasons) law enforcement executives feel that hauling in drunk drivers is only part of their job which, on any given day, includes other tasks like keeping gangs under control, chasing the drug pushers out of town and reining in petty thieves whose livelihood depends on breaking and entering.

Not that Lincolnshire doesn't evidence garden variety lawbreaking. It does. But not in the quantity experienced like police in Waukegan, North Chicago, Round Lake Beach or Zion, for instance, where a DUI pinch is only part of a day's work.

Lincolnshire's DUI arrests rate per officer, nearly doubled last year at 239 to the previous year, caught the eye of Gov. Jim Edgar's office where aides annually seek out deserving recipients for the Award for Public Service from the Illinois Law Enforcement Training and Standards Board.

A few years ago, Lake Zurich police garnered attention for a high level of DUI arrests. Lake Zurich and Lincolnshire adopted a "get tough" policy on drivers suspected of being under the influence. Technically, this technique is known as selective enforcement. Do most of the Illinois drunks congregate in Lake County? Hardly. Are other police agencies in the county turning a back to drunk driving? Certainly not. Rather than a high degree of tipsy drivers, the statistics might show a low incidence of other forms of law breaking in towns with a reputation for being extra tough on drinkers who drive. It is all in how the numbers are interpreted.

When you think of it, the police department that can concentrate on sloshed drivers is to be envied.

Go for the colors

Because of an abundance of summer moisture, Lake County's fall color tableau is a bit behind schedule this year. So there's still plenty of time to take to the byways to enjoy Mother Nature's artistry. Some of our favorite drives include Fairfield Rd. south from Rte. 134 to the Cook County Line, Sheridan Rd. beginning at Lake Bluff; St. Mary's Rd. south of Rte. 137; Gilmer Rd. from Rte. 83 to Volo and just about every side road in the vicinity of Wadsworth and Old Mill Creek. You don't have to travel out-of-state to find fall beauty.

Facing life

William Eiserman's reputation as an advocate for AboutFace and Operation Smile has taken on international proportions with some out-of-the-country visits. The son of Dorothy and Bill Eiserman of Lake Villa is domestic coordinator for the organizations serving persons born with facial deformities.

Eiserman is a research faculty member in the speech, language and hearing sciences department at the University of Colorado. Bill is on "first call" duty at Boulder to counsel parents of children born

with facial disfigurements. He is a graduate of Grayslake High School and Brigham Young University. We intend to get more information about his wonderful work.

Quick on draw

Don't fault Marlene Runyard, Democratic candidate for sheriff, for lack of enthusiasm. The Waukegan resident sees 1998 as a "perfect time" to run. She says the role of women in law enforcement is understood now like never before, elimination of straight ballot voting will be a benefit to Democratic candidates in Lake County, and she is offering "entirely new views" of law enforcement. Listen closely to Marlene because she has a rapid fire delivery.

Remarkable

For a quiet man who disdained violence, Chick LaMagdeleine chose an unusual career—law enforcement. He became a Mundelein policeman following service in World War II when the department consisted of only a handful of officers. He rose to chief of police, leaving only to run for Lake County sheriff as a Democrat. Chick chose an unusually fortunate time, the Watergate rebound when Republicans at all levels were shunned. He won a rousing victory.

With Lake County returning to Republican normalcy in 1978, he was defeated for reelection only to be appointed sheriff in Republican dominated McHenry County to fill a vacancy. The turns in his career were truly remarkable. Funeral mass was said Tuesday for Chick who passed away at age 76. Our condolences to his family.

PARTY LINES

PARTY LINES, THE LAKELAND NEWSPAPERS' COLUMN OF POLITICAL OPINION, IS PREPARED FROM STAFF REPORTS.

Helander: 'Charges taxpayers can't afford Hess.'

Hess: Says Helander has created an office of chaos.

Churchill: To receive Antioch GOP recognition.

Hess mistakes too costly to repeat?

County Clerk **Willard Helander** charged this week that mistakes by her opponent **Linda Hess**, the former county clerk, are too costly for voters to repeat.

The County Clerk's office under Democrat candidate **Linda Hess** cost Beach Park children over \$150,000 in school funds, according to Helander.

The mistake was the result of a tax extension officer not being advised of a voter approved tax hike by the elections administrator, Helander said.

"This wasn't about nickels and dimes but thousands of dollars," Helander said.

The race for county clerk has stepped up in the past several weeks with candidates trading barbs in a well-orchestrated campaign of press releases and letters to the editor from both factions.

Hess is touting the support of former Lake County Board Members **Norm Geary** and **John Balen**, who are Republicans as well as several other Republicans who for political reasons won't

be named.

Helander has strong public support from Coroner **Barbara Richardson**, who sent out her own press releases this week to correct what she believes are false statements on the part of Hess.

"I believe in an aggressive, positive approach to seeking an office but what is far more important to me is that I believe in the truth."

With only three weeks left until election day, look for this campaign to be the hottest of all the races in Lake County.

Hess counters that Helander has created an office of chaos, where costly personnel turn-over have had a dramatic effect on efficiency in the office.

Hess says mismanagement and the support of workers in the clerk's office prompted her to run for reelection. She was county clerk for 12 years, choosing not to seek reelection in 1994.

Feud-en n' fight'en

Beach Park's feuding Mayor

Milt Jensen won't retreat. Making new council committee assignments, Jensen removed Trustee **Marty Stanonik** as head of the streets and fire committee, a post he held for nine years. The mayor insists Stanonik acted improperly in connection with an unpaid \$640 water hookup fee for a home the trustee is renting from recently resigned Trustee **Bud Bailey**. Stanonik says Mayor Jensen is out to drive him off the village council to make way for friends.

Bouquets for Bob

Hometown Republicans will salute retiring State Rep. **Bob Churchill** (R-Lake Villa) at the first of what is likely to be a number of tributes. President **Len Matson** of the Antioch Township Republican Club is working overtime to insure a big turnout Wednesday, Oct. 28, at Maravella's, Ingleside, to properly thank the longtime leader. Churchill will be the principal speaker besides getting bouquets.

All you never wanted to know

Apparently, I must take matters into my own hands. I have been waiting in vain for a newspaper person to call and ask to do a celebrity profile about me.

The phone hasn't been ringing off the hook, maybe because I'm not a celebrity. But every time I read one of those articles I can't help pondering what my particular answers would be. You may be pondering likewise.

No doubt you've seen those celebrity profiles in the Sunday papers, usually about movie and television stars, and found them enjoyable and enlightening. A person is asked to complete a series of unfinished sentences and the result is a neat little biographical sketch.

In our Lakeland newspapers we call them the "Neighbors" columns and in recent weeks they have introduced us to a village trustee, an owner of a secretarial service, a school superintendent, and a 106-year-old war veteran, to mention just a few.

The questions may vary from person to person but here are some typical ones and my off-the-cuff responses.

Name ... See above right (I don't want to flog you with it).

Occupation: Retired newspaper guy, freelance writer, golf bum and nap taker.

Birthday ... This is where many celebrities cop out, giving us the date but not the year in which they were born. I hate when they do that. (My birthday is March 2.)

My family consists of ... wife Janice, daughters Mary and Ann, son Tony; their spouses Mick, Mike and Julie (golfers all) and grandson Zachary, arguably the cutest and smartest 20-month-old around.

Some of my favorite movies were ... "The Accidental Tourist," "Diner" and "Jerry Maguire."

One of my favorite restaurants ... was "Weasels" Italian restaurant in Antioch, a charming, cozy spot owned by Nick and Joe Badame. It's been closed for three years but

THE PFARR CORNER

Jerry Pfarr

many of us still miss it.

The secret to my success is ... I carefully selected my parents and four older brothers. I didn't want to land in any old family.

People confuse me with ... Robert Redford.

If I could be anyone in history, I would be ... hey, I'm having enough trouble being Jerry Pfarr and Robert Redford. I couldn't handle being George Washington or Abe Lincoln.

What I like best about my Lakeland hometown (Antioch in this case) is ... despite all of the ill-planned growth, it retains much of its small-town charm.

Current automobile ... a Ford Crown Victoria, a dreamboat!

If I won the lottery, I would ... buy myself another Crown Victoria and a few other luxuries, see how much money my brothers and children could use, and then really try to help some needy people. (Hey, Up There, you listening?)

A favorite line for living ... "Don't perspire about the small stuff, in the scheme of things it's all small stuff."

Most famous person I ever met was ... As a newspaper writer, I met plenty: Joe Louis, Rocky Marciano, Jesse Owens, Richard and Pat Nixon, Sam Snead, Jack Nicklaus ... they all were nice, but hero worship is dumb; some celebrities are creeps you wouldn't want over for dinner.

If I could meet anyone it would be ... God, but I'm in no particular hurry.

If I had a plane ticket to anywhere, I would ... Get in my car, drive to a warmer climate and play more golf.

LETTERS TO THE EDITOR

UNICEF does not support family planning

In her Letter to the Editor, "Donor Beware" (Sept. 18, 1998), Bonnie Quirke, member of Lake County Right to Life Board, makes an argument against donating money to UNICEF during "Trick-or-Treat for UNICEF" on Halloween that is wholly unsubstantiated, totally unsupported and quite simply, wrong.

Perhaps people should take a factual look at what UNICEF's record reveals and what the money young people raise "Trick-or-Treating for UNICEF" helps to achieve;

- UNICEF is the agency that has helped but the number of under five deaths in half since 1965—saving 7 million lives a year.

- UNICEF has immunized more than 80 percent of the world's children against six major childhood diseases.

- UNICEF is the agency that equips schools with textbooks, distributes food in emergencies and helps provide millions of people with safe water and sanitation systems.

- UNICEF is in the business of saving children's lives and this is why it is the world's leading child advocacy agency. Safe motherhood and responsible parenthood are the

fundamental concepts on which UNICEF formulates policy on the often sensitive issue of family planning.

- UNICEF does not advocate any particular method of family planning.

- UNICEF has never given support for abortion, and it continues to be a long standing policy not to support abortion as a method of family planning.

- UNICEF does not provide contraceptives.

Any UNICEF funding associated with UNFPA (United Nations Population Fund) country programs is specifically designated for primary health initiatives; immunization, Oral Rehydration Therapy, treatment for acute respiratory infections etc.

We stand proud of the good work UNICEF carries out everyday and it is a privilege to clarify Ms. Quirke's misstatements with your readers.

Don't blast record

Gary Thaler's letter (Sept. 17) on

behalf of Lake County Clerk Willard Helander was extremely mean-spirited and factually incorrect. However, Willard's strategy came through loud and clear. Asking people to write letters to the editor blasting her opponent Linda Hess, so that the focus won't be on the embarrassing way she has run the Clerk's office.

Willard Helander has a four year record of controversy. Pointing out her record is not negative campaigning, Mr. Thaler. Unfortunately it's the facts. Headline after headline of unfair firings, election judges quitting and historic budget increases is simply enough.

Mr. Thaler stated, "if it's not broke, don't fix it." I couldn't agree more. Sadly, Mr. Thaler, the clerk's office has been badly damaged and is in great need of repair.

If you really care about integrity and good government, you will say "Yes" for Hess on Nov. 3.

Phyllis A. Lucas

Hess brings intangibles to office

In the race for Lake County Clerk, I have read many letters com-

paring the candidates. I haven't read one yet that brings out the "intangibles." In other words, I believe that both of the candidates will have about the same resources to operate the Clerk's office. It is what they do with those resources that counts. That is where the intangibles come in.

I believe that those "intangibles" can make for better management. Also, I believe that Linda Hess possesses those intangibles. Personnel inter-relationships are what makes for stable management, and I believe that is what separates Linda Hess from Willard Helander. If Willard had those intangibles, would there be so many, even those who she personally picked, leaving her administration?

Linda Hess will return program, budget, and personnel stability to the Lake County Clerk's office. She is my choice on Nov. 3rd.

Sandra L. Tippet

Willard not keeping seat warm

After reading the papers about the County Clerk's race, I am puzzled. Did Linda Hess think that Willard Helander was just going to

warm her seat for four years until Linda decided she may want to return to the Clerk's office?

Willard Helander worked hard to get elected four years ago. She worked hard to get the clerk's office ready for the next century, computerizing, and utilizing information that was already available but not accessible in the Clerk's office. She implemented the mandated Voter Motor program, put the Clerk's office on the Internet, established record-breaking times for tabulating election results, eliminated the shortages of election judges, thereby reducing the need for expensive manpower help, preserved records dating back to the 1800s that were deteriorating from neglect, saved the taxpayers over a half million dollars, and all of this was done with friendly courteous service and a smile.

Now Willard Helander's a very nice lady, but she worked hard for this job, she is working hard to run the office and she's working hard to be re-elected as our Lake County Clerk. Sorry Linda, but Willard did not plan on keeping her seat warm for you.

Disappointed

First off, I want to say I think the rescue squad and fire department are the most wonderful jobs anyone could do for us. I was leaving Walgreens recently and I heard an ambulance coming down Route 12. We waited to pull out and it was tearing down Route 12, going in and out of traffic. We turned and it was going the same direction we were. It was in the middle lane, turned in front of traffic, went down Grand Ave., and scared me because I thought it was going to my building. As I turned the corner, I saw the ambulance suddenly stop. A paramedic or officer, someone in a blue uniform, got out and waved good-bye to the driver and the ambulance drove away. I was disappointed that they would use their service with the sirens going and speeding to just drop somebody off.

Fox Lake

Leave your names

I think Lipservice is a good thing as long as the people who call and leave a message leave their full name and the city they live. I don't think it's fair for people to blaspheme and gossip about someone else without leaving their name and where they're from.

John J. Smith
McHenry

Don't impeach

This is about Clinton, or as some say, Slick Willy. I would like to know what man or woman would admit to adultery if asked; it's his personal life, and he shouldn't be impeached for that. But if he lied pertaining to the country's affairs and safety and security, then he should be prosecuted. Also, politicians and leaders on all levels should be accountable for their actions and if found guilty, be prosecuted. They aren't above the law, they're supposed to be our role models.

Antioch

Way to go, Ralphie boy

Well, Ralph, this is a fine way to help out Ed Sindles, who helped you get elected last campaign. I like the way you're sticking by the best police chief Round Lake Beach has ever had.

Round Lake Beach

Bad start

What are you doing, School Board District 116? We are on a watch list, so why do you give Mary Davis approximately a 50 percent raise, making her one of the highest paid in Lake County. In the same breath, you ask us to pass another referendum. You've changed school start times in order for the buses to be there on time and it's created expensive daycare hardships, upset teachers, traffic jams, and the buses still aren't getting to school on time. Maybe this isn't the big picture, but it's a pretty bad start.

Round Lake

Fix everything

I'm calling to comment on the article Lakeland had in the paper on Oct. 9 on how the zoning and planning committee of Round Lake is planning on making it a nice place by building themselves an office center. They're working so much on the new

part of Round Lake Beach that the old part is crumbling to bits.

In my two-block neighborhood, there's five or six orange condemned stickers on houses. Some have been there a long time, no one's doing anything about them. Your paper itself even ran a story about a house with garbage floor to ceiling. Unfortunately, I live in that neighborhood by that house. The city doesn't care, they condemn the houses and they don't put money into demolishing them or cleaning them or making people do it. They're worthless. They're getting paid for nothing.

If a house is condemned, it should be torn down, or sold to someone who can fix it up. Something needs to be done about the old part of Round Lake Beach to make it livable and nice before we spend hundreds of thousands of dollars for creature comforts in the new part of Round Lake Beach so the mayor and everyone can feel comfortable. Some money has to go into the old part of town.

Round Lake Beach

Leave prez alone

I'm calling about Clinton. As it says, those who live in glass houses can throw the first stone. I don't believe in what he did, but I don't think we should judge him. Everyone should sit back and think about what they've done in their personal lives that was wrong before people should tell Clinton to resign from his job. I don't believe the House knows what it's doing, because half of the guys in the House have had affairs with other women.

Round Lake Beach

Right on, Larry

I'm calling to say something about Larry Flynt, who's the publisher of Hustler magazine. I think it's a good thing that he's offered money to any mistress of any congressman to come forward. I think there's a lot of hypocrisy going on. I think they should just leave the president alone.

Village unknown

We're behind

Should Lake County have a gas tax to build roads? Yes, I believe they should definitely have a tax to build roads. I think they're behind the state, and certainly behind other collar counties in Chicago so far as building roads and maintaining them.

Libertyville

Pay us back

With all this surplus that the government has, they should pay back what they owe Social Security, and with what's left over, pay off the National Debt. Why give a tax break to people who don't need it? I'm at minimum wage and on social security, and it just seems silly. Since the government borrowed from social security, they should pay it back. As far as the toll road goes, I go out of my way not to pay tolls. Seventy-five cents will buy me 15 or 20 miles that I can drive out of my way and still come out ahead. The Illinois lottery was set up to help the schools and the schools don't get any money from the lottery, they're paid a million dollars a week or more. Where's the money going?

Round Lake

Wants a challenge

This is really a challenge for Lipservice. Why don't you pick a question of the week that's really relative to our area, like "what do you have to think about the referendum for the Big Hollow school district?" I think you'd get a lot of interesting replies on that.

Inglewood

Hang your heads

I'm calling about the sex offenders. In one month on Monday's paper a young man was accused of sexually offending the child. On Tuesday, the other parents just can't believe what happened and they're going to send him a big card to support him. On Wednesday, three other people plus his own stepsister who's been abused for two years by him, have come forward. I hope the people that are going to make the card are hanging their heads in shame. We tell our kids to come forward to tell us about the funny person that touches them. They tell, and what do you do? Shame them and shame their parents. Shame on you! You should listen to your children. When they talk, you don't listen.

Wauconda

Too little, too late

I have a comment on the village condemning Pik Kwik next. I think it's a little bit too late for the village to step

LAST WEEK'S QUESTION WAS:

in. They should have thought about doing something before the residents of Fox Lake lost their only grocery store. Nice try, but a little too late!

Fox Lake

who kill, uninsured motorists, and incompetent drivers full of road rage, not whether or not someone is wearing a seatbelt.

Mundelein

Let me choose

I was reading in the Mundelein News Oct. 9 about Mundelein's mandatory seatbelt law. It's my opinion that the law is a violation of the driver's right to choose. I do agree on the part of the law that says children should always be restrained. I vehemently disagree with the state and Mundelein's mandatory driver restraint law. I'm a perceptive driver and always restrain a child in my vehicle with a seatbelt. I have excellent insurance and a clean driving record and first hand knowledge of vehicle accident statistics. Drivers have a 50-50 chance of sustaining serious injury or death from wearing or not wearing seatbelts. I personally know three people who were fatally injured in accidents and were wearing seatbelts. I know two people who were in serious accidents who are alive today and were not wearing seatbelts. My point is, when it's your time to go, it's your time to go. The state and Mundelein should not mandate by law whether a driver should be restrained by a seatbelt. It's the human right to choose and should be a driver's right, too. Our governments need to focus laws on drunk drivers

No more roads

In answer to Oct. 9's gas tax question, no I don't think we should. We've got too many new roads now. If we build new roads, more people will move out here. I say we should close the roads and some of these newcomers would leave and wreck another north Lake County community. Maybe we should use the money to tear down badly built subdivisions we've got everywhere and use the land to benefit the working poor.

Mundelein

Quit squawking

From a homeowner in Channel Lake, to my neighbor on West Lake Street. There is an old oak tree where a wise old bird sits. The less he spoke, the more he heard. Why can't we be like that wise old bird?

Antioch

No more taxes

Should Lake County have a gas tax to build roads? No, they should not. We have enough taxes now, they should take it out of homeowners tax money. They should leave the roads as they are because they don't fix them anyway.

MINDING YOUR OWN BUSINESS

Don Taylor

A contrast in customer care

The restaurant was crowded, but we were seated quickly. The young lady who waited on our table was friendly and quick. Our meal was excellent and the service exemplary. We left a generous tip.

My wife and I were traveling in the Southeast on business. The scene I described in the opening paragraph occurred on our first night in this Alabama town. It was a pleasant way to begin our visit in this community.

Three days later after completing our business and enjoying a brief side trip to visit relatives, we returned to the community and the restaurant. Our first visit was so pleasing we decided to enjoy it again.

It was much later in the evening and there were no waiting lines. We were seated about three tables away from our previous visit. However, all similarities end right there. The experience this night was radically different.

Our waiter finally discovered us and took our drink order. It was several minutes before he reappeared with our water and tea. He then skipped off to another table with the promise of a quick return to take our order. It took a several more minutes.

After we placed our order, it took nearly twice as long to receive our food. The waiter explained the delay as required because we ordered our steaks well done. My wife wondered why it had required half the time to cook her steak perfectly the previous visit when the restaurant was very busy.

We had to ask our waiter for silverware. "I'll be right back with that," he said. After a couple of minutes, we flagged another member of the wait staff, who immediately returned with our desired utensils.

Somehow the second visit, our food didn't taste quite as good. However, the major difference between the two visits was not in the food, but rather the service. I left a small tip this night, but it was more than enough for the value provided. I'm certain the waiter called us cheapskates.

The real Contrast

The major element in the contrast was the people factor. In the service industry people make the difference. We noticed several differences in the servers who cared for us. I share them in the hope that our observations may help you move your service up a notch.

The first difference that we noticed was attitude. The first evening's server was working for us; the second evening's server was working for wages.

The first server was concerned that our every need was anticipated and filled quickly. The second was more focused on himself and he proved it by his lack of attention and action.

The second element we noticed was training. I'm certain both servers received the same basic training from this national chain. However, the importance of taking care of the customer made a lasting impression on one and no impression on the other.

The third element was communication. The first server had polished her speaking and listening skills. She was good at explaining the menu items, suggesting house specialties and listening to our questions. We had her undivided

'When people stay in a Holiday Inn they are expecting an old friend'

Gurnee Holiday Inn unveils new look

\$4.5 million renovations designed to appeal to diverse clientele

By RHONDA HETRICK BURKE
Managing Editor

When the Gurnee Holiday Inn was built on Grand Avenue in 1968, its neighbors

were farm fields. The builders of the hotel, however, must have had an eye for the future, as today it is centrally located across from Gurnee Mills, at the entrance of the Tri-State Business Park and just a mile from Great America.

This week, the Holiday Inn is unveiling its \$4.5 million renovation making it "the newest, old hotel in Lake County."

The extensive renovations bring Lake County's only full-service hotel into an era of service designed for a diverse clientele ranging from corporate travelers to families on vacation.

"When people stay in a Holiday Inn they are expecting an old friend," said Jeanne Lundgren, director of sales. "There is a comfort level which is built in."

General Manager Howard Silverstein has overseen the extensive renovations which he says have far exceeded the industry-wide upgrades Holiday Inn has been implementing.

"Our philosophy is to give the customer the best value from the money spent," Silverstein said. "We strive for quality of service and for the physical plant to exceed expectations."

The renovations to the plant include remodeling of meeting rooms, the main lobby, the pre-function lobby, all the sleeping rooms and the restaurant which has been renamed the Gurnee Grill and Sports Bar.

"We have completely updated the menus to reflect 1990s food," Silverstein said. The Gurnee Grill offers a range of fresh foods including: pasta dishes, seafood and steaks as well as a soup and salad bar. The menu also varies in price ranges with lunch available from \$4.95-10.95 and dinners from \$7.95-22.95. The Gurnee Grill will begin a Sunday brunch in January with a Mardi Gras theme. In 1999, Silverstein plans to begin offering a seafood buffet, prime rib and

pasta nights.

Silverstein's long-term vision for the hotel is partnering with corporations and the public to be a destination site for corporate travelers, families on weekend get-aways.

"We want the local public to become aware of what we have to offer as well," Silverstein said.

Other long-range plans include a character brunch with the Looney Toons from Great America and a specialty sized kids buffet complete with a small table to be user friendly. Summer months will include a Kids Club activity room with movies, toys and games to keep them busy.

Last spring, the Holiday Inn began a program of offering pool parties for area residents for special occasions such as birthday celebrations.

"The response has been phenomenal," Lundgren said. The hotel is working now to establish a partnership with the YMCA to offer swim lessons and possible memberships to use the pool and fitness rooms.

Silverstein's philosophy and influence have been most exerted in his quest to establish partnerships with area businesses and educational institutions.

He has already partnered with the Lake County Convention and Visitors Bureau and can be found on its website. He is also partnering with Great America and Gurnee Mills on promotional packages which include discount tickets in conjunction with hotel stays. One of his most innovative ideas, however, is the partnership he has developed with the College of Lake County's food service and hospitality program.

"We will begin having culinary classes in our kitchens for students here one night a week in January," said Silverstein, who has also signed on to the staff of the college to teach courses in his field of specialty—marketing and management.

"It is a great opportunity to grow people right out of school in this facility for the occupations they are pursuing," Silverstein said.

The hotelier has also become active in local community organizations serving with the Rotary

and on the board of the Lake County Restaurant Association. In his previous position at the Holiday Inn of Crystal Lake, he was president of the McHenry County Restaurant Association and also taught on the staff of McHenry Community College.

Silverstein brings an extensive background in the hospitality business to the Gurnee Holiday Inn. He was general manager of the Playboy Club in both New York City and Chicago and director of food and beverage service at the famed Knickerbocker Hotel in Chicago. He has taught on the staff of New York University, New York Institute of Technology and Roosevelt University as well.

Many of the changes to the hotel have been based on customer request. Additional amenities include: coffee makers hair dryers, irons and ironing boards in each room and a fully upgraded cable television system featuring HBO and Nintendo services and in-room movies. There is also a turn-down service for executives now available.

"Our long-term vision is for the hotel to be the best it can be," Silverstein said.

Former employee to buy WXLC/WKRS radio station

By LIZ THOMSEN
Staff Reporter

A Chicago man is buying the local radio station he worked at in college.

Chris Devine, of Belvidere Broadcasting in Chicago is purchasing WXLC/WKRS radio station in Waukegan, pending FCC approval.

"The active sale will probably take place towards the end of January," said General Manager John L.

Peroyea. He expects to stay on as general manager after the sale.

Peroyea anticipates no change from the FM format of "hot adult contemporary rock" or the AM format of news and talk.

The Waukegan station has been broadcasting the news/talk format for 50 years.

In 1963 the radio station started the FM music format as well.

The present owner is Spring Broadcasting in Maryland.

TAYLOR: A contrast in customer care

attention. The second server rushed through his lines, then forgot to listen. He was looking around as he wrote our order. We had to repeat and correct.

The fourth was work ethic. The first server hustled to keep water glasses filled, tables cleared and patrons happy. The second was more concerned with having a good visit with his associates.

The losers: server number two and the restaurant. If we had expe-

rienced the second server the first night, we would never have returned for the second visit. We would have found another establishment with which contrast the customer care.

The signs of breast cancer can't be ignored

By JOHN ROSZKOWSKI
City Editor

The worst thing a woman can do if she has symptoms of breast cancer is to do nothing. Dr. Robert Gould, a specialist in radiology who has an office in Gurnee, said breast cancer is treatable in the vast majority of cases, if caught early enough.

However, if detected too late, it can be a killer. Gould said breast cancer is the No. 1 cause of cancer-related death among women and early detection is the best way to prevent its spread. Gould specializes in radiology at Mercy Hospital

and works for the newly opened Gurnee Radiology Center, which provides mammograms and other types of cancer screening.

"The most important message is that women be screened because we want to determine if it's palpable," Gould said. "If it's palpable, it's more likely to be a higher grade cancer and to have spread."

Dr. Shahrooz Sepahdari, one of Gould's colleagues at the radiology center in Gurnee, said a cancer is palpable if a woman can see or feel a lump in the breast. Generally, when it reaches that stage, it is more advanced and can be more serious.

The American Cancer Society and the American College of Radiology recommends annually mammographs for women over 40 and is promoting that message during breast cancer awareness month.

Sepahdari said if breast cancer is detected in the early stages when a tumor is less than one centimeter, the chances for recovery are very favorable.

"The idea is to find the lesions when they're small. The smaller they are, generally, the better the outcome," he said.

In addition to an annual mammogram, Gould recommends women perform monthly self examinations and have yearly breast exams performed by a physician.

Gould said if a woman notices distortion in breast tissue such as a lump, bloody discharge, or a

change in breast size they should have themselves checked out by a physician.

While breast cancer primarily affects women, the disease is not gender biased. A small percentage of men also develop breast cancer.

Gould said the percentage of men who get breast cancer is very small, probably about 1 percent of all the breast cancer cases he sees. However, that doesn't mean it shouldn't be taken seriously.

While regular mammographs are not recommended for men, Gould said men need to be aware that they can get breast cancer.

Gould said men often don't think they can get breast cancer and ignore the warning signs.

"I think the important thing for men to remember is they can get breast cancer, and if they feel a lump, they should go to the doctor and shouldn't be embarrassed," he said.

Self-examination saves lives

Now, more than ever before, breast cancer can be cured with early detection and prompt treatment. In fact, 92 percent of early stage breast cancers are curable. That's why women are urged to protect themselves by learning the three-step approach to good breast health:

1. Monthly breast self-examination.
2. Yearly physician's examination.
3. Baseline mammogram between ages 35-40; every other year after age 40; every year after age 50.

Schedule a mammogram during October—for yourself or for someone you love. It's your strongest defense in the fight against breast cancer.

7 Quick Steps for Monthly Self Examination

Breast self-examination is a simple technique to learn and takes only about 10 minutes. Choose a day each month that will be easy for you to remember, such as the first or last day of the month.

It's best to use the fingertips of your three middle fingers to examine your breast. Always use your left hand for your right breast, and vice versa. Use both a circular motion and a vertical (up and down) motion to examine your breasts.

Check for any lumps, hard knots, swelling,

dimpling or thickening. Also observe for abnormal change in size, shape, color or discharge.

In front of a mirror

1. Visually check both breasts with your arms at your sides.
2. Slowly raise your arms, while paying close attention for any swelling or change in your breasts or nipples.
3. With hands on hips, lean slightly forward and flex your chest muscles, again visually checking for changes.

In the shower

4. Extend right arm upward and examine your right breast.
5. Extend left arm upward and examine your left breast.

Lying down

6. Place a pillow under your right shoulder. Put your arm right behind your head, then examine your breast and armpit.
7. Place a pillow under your left shoulder. Put your left arm behind your head, then examine your left breast and armpit.

Follow this routine monthly, so you become familiar with the normal feel and appearance of your breasts—and make breast self-examination a regular part of your good health routine.

Facts about breast cancer in the USA

• Breast cancer is the most common form of cancer in American women, accounting for one out of three cancer diagnoses. It rarely occurs in men. Its cause and the means for a cure have remained undiscovered.

• In 1996, it is estimated that 184,300 new cases of invasive female breast cancer and 30,000 in situ cases will be diagnosed, and more than 44,300 women will die from the disease.

ease. Breast cancer is the leading cause of cancer death for African American women.

• One out of eight women in the United States will develop breast cancer in her lifetime—a risk that in 1960 was one out of fourteen. In 1996, breast cancer will be newly diagnosed every three minutes, and a woman will die from breast cancer every twelve minutes.

• Every woman is at risk for

breast cancer. The risk of developing breast cancer increases as a woman ages, if she has a family history of breast cancer, has never had children, or had her first child after age 30. However, most breast cancers occur in women who have no identifiable risk factors.

• Fewer than a third of American women follow recommended guidelines for screening mammography, a simple procedure that can reveal

small breast cancers up to two years before they can be felt.

• Most breast irregularities are found by women themselves, yet many women do not know how to perform breast self-examination, and few do so regularly.

• Over 80% of breast lumps are benign, but any breast lump must be evaluated by a physician. Follow-up biopsy is often recommended.

• If detected early, breast cancer

can often be treated effectively with surgery that preserves the breast. Five-year survival after treatment for localized breast cancer is 93%.

• Breast cancer incidence increases with age, rising sharply after age 40. Two-thirds of all breast cancers occur in women over 50 years of age.

• We do not know what causes breast cancer or how to cure it. It is the leading cause of death for women 40-55 years of age.

READERS GUIDE TO Lakeland Newspapers

Answers to the most frequently asked questions about how the newspaper operates, how to reach us about a story, how to write a letter to the editor, and how to access our web site.

Q. What information can I submit to be published?

A. Lakeland Newspapers encourages readers to submit stories and story ideas through NEWS RELEASES for the following: activities of service organizations, news of awards and achievements, programs open to the public, entertainment events, special church services and religious programs open to the public, and activities and services of interest to retirees.

Q. How should I prepare a news release?

A. Information of all types of news items should be submitted as a written news release to the appropriate department. Most editors cannot take information over the phone because of time constraints. News releases insure accuracy and save time.

The two most important points to remember are (1) to include all basic information in the first paragraph and (2) to list the name, and day and evening phone numbers of someone who may be contacted for additional information or clarification. News releases should be typed, double-spaced, on one side of an 8 1/2" by 11" sheet of paper and presented with the most important facts listed first. Be sure to double-check the spelling of all names, addresses and other facts. Avoid the need to publish phone numbers if possible.

Q. How can I get an announcement published?

A. Lakeland Newspapers provides special forms for weddings, engagements and anniversaries. You may also arrange to have one of these forms mailed to your home by calling Lakeland Publishers at (847) 223-8161. Birth announcement forms are available in all local hospitals.

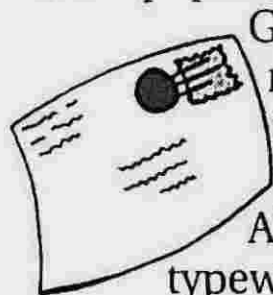

Q. How do I submit a news release or announcement?

A. News releases and completed engagement, wedding, anniversary and birth forms may be left with the receptionist at the front desk or mailed to the appropriate department at: Lakeland Newspapers, 30 S. Whitney St., Grayslake, IL 60030.

News releases also may be submitted by e-mail at edit@lnd.com.

Q. How do I get a letter to the editor in Lakeland Newspapers?

A. Lakeland Newspapers welcomes letters to the editor. Please send letters to "Letters to the Editor," Lakeland Newspapers, 30 S. Whitney St., Grayslake, IL 60030. You may e-mail your "Letter to the Editor" to edit@lnd.com.

All letters published must be typewritten, double-spaced and limited to 250 words. Letters must be signed and must include the writer's address and telephone number in case it is necessary to contact the author for information or clarification. "Name Withheld" letters will not be published. Priority is given to letters offering fresh perspectives and to letters that conform to length and format expectations. Lakeland Newspapers also does not routinely publish "thank you" letters from one organization or individual to another, but may carry such a message if the author is unable to contact the benefactor in any other way. Letters are subject to editing.

Q. How can I get multiple copies of Lakeland Newspapers for classroom use?

A. Call circulation for delivery at 740-4035. Members of the editorial department will give tours of Lakeland Newspapers facility

to students. Members of Lakeland Newspapers will visit classrooms on request. Call for available times.

Q. What is Lipservice?

A. Lipservice is a phone-in column presented as a feature of Lakeland Newspapers. We reserve the right to edit copy or to refrain from printing a message. Call in at (847) 223-8073, fax in at (847) 223-8810, or e-mail at lipservice@lnd.com and leave your message 24-hours a day. Callers must leave their name, phone number and village name. Names and phone numbers will not be printed; however, callers may be called for verification.

Q. How can I buy back issues?

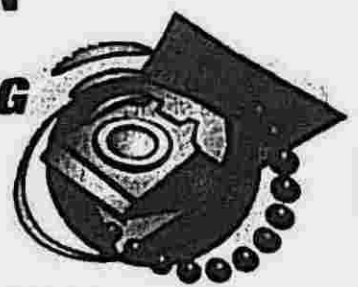

A. Back issues are available if less than one year old. Mail orders must be paid in advance. For ordering procedure and cost, please call (847) 223-8161. Microfiche and microfilm of papers older than one year are available at most area public libraries.

Q. How can I subscribe to Lakeland Newspapers?

A. Lakeland Newspapers offers home delivery and mail subscriptions. For rates, call (847) 740-4035.

HOW TO PLACE AN AD IN ILLINOIS' FASTEST GROWING NEWSPAPER-

If you're selling a house, a car or other merchandise or services, a classified ad can get your message out. Just call (847) 223-8161 to place an ad. For retail advertising call (847) 223-8161. Our experienced sales staff will be happy to assist you in creating an effective ad.

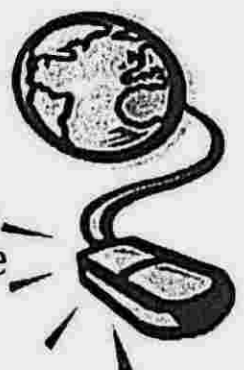

Q. How can I access Lakeland Newspapers on my computer?

A. If you are already connected to the Internet and you wish to view Lakeland Newspapers on the World Wide Web, direct your browser to www.lpnews.com. To send e-mail to Lakeland Newspapers, the general address is edit@lpnews.com.

Q. What can I find on the Lakeland Newspapers web site?

A. In addition to finding the week's top local news stories and classified ads, you can visit special online sections. You can also place a classified ad, send a letter to the editor, e-mail Lakeland staff members, subscribe to the print edition of the paper or request permission to republish a story.

How To Survive The Job Search

By Nancy Sakol

Dear...Search,

I was offered a job with a fine company. I told the employer that I would have to
give my present employer a 2-week notice upon accepting the new position.
The new employer told me that their needs were immediate and although they
would appreciate me giving only a 1-week notice to my present employer, they
agreed to a 2-week starting date. During the weekend before I was to start my
new job after having already left my former employer, I contracted what I
thought was a virus that kept me from starting my job on the first day. When I
called my new employer to tell them they seemed to understand. I called on the
second day and told them I was still under the weather and they seemed to reluc-
tantly understand. They asked me if I had seen a physician and I told them that
I would try to go that day. On Thursday I called the company and said that I
could start the job the following Monday. The company was upset with this and
said that the work load was piling up, that they had released the other employee
who had been on the job previously, brought in a temp and that it was
imperative that I show up to work on Monday with a doctor's excuse. Come
Monday, I realized that I had no note to give the employer, mainly because I
didn't feel I needed to visit the doctor. But I took my chances and showed up for
work anyway. When I was greeted by the personnel manager, she immediately
asked for my doctor's notice for which I told her I never went to the doctor. She
told me that they held the position an additional week that had been agreed
upon, and she had to hire a temp to come in and help out the days that I was not
there. They think that in lieu of this, they may call the temp back in, or
continue looking for someone to fill this position. They already hired me. How
can they do that? E.M. - Fox Lake

Dear E.M.

Technically, although you were hired, you never actually consummated your
employment. People do get sick. I have yet to come across a sickness that was
timely. I understand your predicament, however, I also understand theirs. If
you told them you were to see a doctor, you should have followed through or told
them you didn't feel you needed one. One draw back to this untimely illness is
that they had a perfect opportunity to bring in that temporary who then showed
them what he/she could do. Pick yourself up and don't dwell on this. Who
knows, perhaps your former employer would welcome you back.
NOTE: Temporary assignments can lead to full time permanent job place-
ments. It allows for the perfect opportunity to, "show them what you can do".

CRAFT SHOW
Halloween - Fall gift baskets, holiday wreaths & more. Saturday only 10 - 4 85 W. Abbey Ln. Round Lake Park (W. of Greenwood Subd.)

**PHILLIPS (407-51)**

Vacation time! Or is it the weekend getaway home you are looking for? The Phillips (407-51) is ideal for a home away from home, at the ocean or set in the mountains. It is an octagon shaped cabin with windows on all sides and surrounding deck.

The Phillips has 902 square feet, half of which is open and the balance is bedrooms and a bath. The entry to the Great Room is through sliding doors. The fireplace, pantry, linen closet, shelves, water heater closet, and washer/dryer closet are all one unit slightly off center. The fireplace faces the entry and is in the middle of the Great Room.

To the right of the Great Room is the kitchen area that is open with an island eating bar. The counter area is an L-shape around the exterior wall. The pantry faces the kitchen area and is oversized to store the vacation essentials.

The bathroom is next around the octagon with a single sink, large shower, and a special feature of a bidet. The bathroom was designed to have a feel of openness and spaciousness.

Bedroom 1 (which could also be called the master suite) has a large wall closet behind folding doors. There is one window and a sliding glass door, opening directly onto the deck. Area on the deck has been oversized for a hot tub for those evenings when relaxation is a must. This particular part of the home has been designed to look out over the best part of the view, such as the ocean if on the coast.

Bedroom 2 has an even larger wall closet and has two wonderfully large windows facing the view. This room is also good sized and roomy.

The Phillips would be ideal as a retirement home on the coast, or a great hideaway in the mountains. The design was meant to be used for the beautiful views available in all parts of our scenic country.

For a study kit of the PHILLIPS (407-51LP60) send \$14.95, to Landmark Designs, 33127 Saginaw Rd. E., Cottage Grove, OR 97424 (Specify plan name & number for kit), for a collection of plan books, send \$20.00, or save by ordering the kit and collection together for \$29.95, or call 1-800-562-1151.
